Interoffice Memorandum

August 11, 1999

To: J. D. Ross, President
From: Robert Hauviller
Subject: Annual Noncredit Course Enrollment Report - FY 1999

Attached is a copy(back of this sheet) of the above report recently forwarded to ICCB. This year the college was also asked to provide enrollment information for each student taking all non-credit courses. There have been data submission missteps related to this effort that are currently being resolved. The resolution should be completed by the end of this week.

Some noteworthy data not affected by the corrective action:

FY 1999 Enrollment Figures - Unduplicated Headcount

Credit Course Student Headcount	17,998
Non-Credit Course Student Headcount	21,686
Joint Credit and Non-Credit Course Student Headcount	2,564
Total Course Student Headcount	37,120

Starting with this new effort to provide complete enrollment data for the college's non-credit course programming, the college in the future will be able to measure trends and improvements in this service area.
