AND 2 COPIES

PROPOSAL DUE DATE: January 14, 2010
TIME: 2:30 PM CST
BID OPENING LOCATION: Joliet Junior College
Building "T" - Room T1001

Joliet Junior College, Illinois Community College District No. 525
Office of Business and Auxiliary Services
1215 Houbolt Road
Room H1018
Joliet, Illinois 60431-8938
Attn: Judy Mitchell, Director of Business and Auxiliary Services

FORWARD
PROPOSAL TO

FIRM NAME:

_____, the undersigned.

- A. Proposes to furnish all labor, materials, equipment, and services as required to satisfactorily complete all Fireproofing Work herein described as Bid Package No. 07B as required for the construction and completion of the Campus Center Project in accordance with the Drawings and Specifications as prepared by Legat Architects (Architect) and their Consultants, the Contract Documents, Project Manual Volumes 1, 2 and 3, dated December 11, 2009, this Bid Form, and all documents incorporated by reference. It is expressly understood by the Bidder that each of the enumerated documents as set forth in this paragraph are incorporated by reference as part of the Bid Proposal.

- B. All work required by the foregoing documents will be accomplished for the Lump Sum Bid Price of

_____) (\$ _____)
(Show amount in both words and figures, in case of discrepancy amount shown in words will govern)

The Lump Sum Bid Price above EXCLUDES all applicable sales, consumer, use and other similar taxes for the project on the equipment and materials to be incorporated into the work (project is tax-exempt); INCLUDES all insurance premiums required to meet Schedule "A" - Insurance Specifications; and INCLUDES all premiums for Performance and Labor & Material Payment Bonds in the sum of one hundred ten percent of the Contract price.

- C. Bidder agrees that upon award of the contract by Joliet Junior College if written notice of the acceptance of this bid is mailed or delivered to the undersigned within sixty (60) days after the Proposal Due Date, or any time thereafter before it is withdrawn, the undersigned shall meet with representatives of Joliet Junior College and Gilbane Building Company at Joliet Junior College's office or at a mutually agreed upon location to execute the contract which is included as an Exhibit within this Project Manual. The Trade Contractor's contract will be held by and made with Joliet Junior College; Gilbane Building Company will be acting on the behalf of Joliet Junior College as their Construction Manager (agent). A Performance Bond and Labor & Material Payment Bond will be delivered to the Construction Manager at the time of execution of the Contract on the form contained within the Project Manual identifying Joliet Junior College and Gilbane Building Company as dual obligees. Failure to execute said contract within ten (10) days after receipt of written Notice to Proceed may be considered a default under the obligation of the bid bond. Insurance certificates shall be provided before starting on-site activities if such activities occur before the Contract is signed.

By submitting its bid, the Bidder hereby agrees that the Owner may, in its sole discretion, decide which combination of base bid plus alternates, (if any) would provide the Owner with the most efficient expenditure of the Owner's funds with respect to any particular Bidder. Owner's selection and determination of which combinations of base bid plus alternates (if any) would provide the most efficient expenditure of the Owner's funds shall form the basis of awarding the contract. By submitting its bid, Bidder further agrees that the sum total of the base bid plus alternates (if any) as so determined by the Owner separately for each Bidder shall be deemed to be such Bidder's bid for purposes of determining the lowest responsible Bidder for such portion of the work or for such bid package. Such determination by the Owner shall not be subject to challenge by the Bidder.

- D. The above price includes all stipulations and requirements of Supplement Numbers: _____, which have been received and accepted by the undersigned.

E. MILESTONE SCHEDULE DATES

See the Draft Milestone/Sequencing Schedule for reference. Dates and durations given are for reference only and are subject to change. Each awarded Trade Contractor, within 30 calendar days of being notified of their award, shall provide a CPM schedule (utilizing Primavera Project Planner or SureTrack software) to the Construction Manager defining scope of work items, items requiring fabrication, etc.; each with their respective anticipated start dates, end dates and durations. Trade Contractor is to identify any areas of potential conflict which may impact the Draft Milestone/Sequencing Schedule durations and/or milestones and/or prevent the Trade Contractor in meeting the expected start and finish dates identified in the Draft Milestone/Sequencing Schedule.

All work is to be completed in accordance with the Draft Milestone/Sequencing Schedule Dates as follows.

Bid Release 12 - Milestone Schedule Dates (Estimated)

	Start	Finish
Contract Award (Board Meeting)	02/02/2010	02/02/2010
Contracting, insurance, bonds, etc.	02/03/2010	02/19/2010
Submittals and Review	02/22/2010	03/19/2010
Erect Steel Module 1 (Previous Bid Release)	01/20/2010	03/03/2010
Erect Steel Module 2 (Previous Bid Release)	02/10/1010	06/02/2010
Elevated Slabs (Previous Bid Release)	04/12/2010	05/14/2010
Slab on Grade (Previous Bid Release)	05/17/2010	06/10/2010
Masonry Installation (Previous Bid Release)	01/11/2010	07/09/2010
Ext Metal Framing/EIFS Installation (Previous Bid Release)	05/17/2010	09/17/2010
Glass & Glazing Installation (Previous Bid Release)	05/17/2010	09/24/2010
Skylight Installation (Previous Bid Release)	07/05/2010	10/01/2010

Gypsum Wall, Acoustical and Painting Work	05/17/2010	03/31/2011
Casework, Millwork and Custom Wood Work	11/01/2010	01/31/2011
Complete Building	-	05/11/2011

F. TRADE-SUBCONTRACTORS

The following trade subcontractors are proposed for the item of work listed. Trade Subcontractors are subject to review per the General Conditions. List only firms that will supply labor at the site.

ITEM OF WORK	TRADE SUBCONTRACTORS

G. NOT USED

H. UNIT PRICES

Unit Prices shall be used, where applicable, to make adjustments to the cost of the Work due to changes. ALL Unit Prices submitted shall be complete in-place prices and include all costs for overhead, profit, bond costs, labor, materials, equipment, engineering, shop drawings and any other incidentals related to

the completion of the Work, and shall remain firm for the period of the contract. Deductive unit prices will be calculated at no less than 85% of the additive unit price.

Unit Prices (furnished and installed unless noted otherwise):	
<u>Description</u>	<u>Cost</u>
1 hour of cementitious fireproofing/ SQFT	\$
2 hour of cementitious fireproofing/ SQFT	\$
Intumescent fireproofing/ SQFT	\$

I. ALTERNATE PRICES

An Alternate Price shall include all costs associated with the changes, omissions, additions or other adjustments to the Work of this Bid Package (Contract), which are described in the Alternate, or are reasonably inferable there from. Claims for extras resulting from changes caused by the acceptance or rejection of any Alternate will not be allowed. Alternate prices shall also include all costs of overhead, profit and bond costs associated with the work of the Alternate, whether additive or deductive.

The Drawings, Specifications and other Contract Documents shall be considered appropriately modified by either the acceptance or rejection of the various Alternates. The Owner and the Construction Manager expressly reserve the right to accept or reject any, or all, Alternate Prices, and in any sequence. Acceptance or rejection of any Alternate does not relieve the Bidder of timely completion of the Work within the time periods indicated.

Alternates:

None

J. COST ALLOWANCES

The Bidder includes the following Cost Allowances in the total Lump Sum Amount of the Base Bid for this Bid Package. See General Conditions for definition of Allowances.

The Trade Contractor must include the cost of the allowances in the Base Bid. The Base Bid cost of this package should include the appropriate mark-up on the allowances. All work completed under the allowance will be paid at cost since the mark-up is incorporated in the base bid. Trade Contractors are not entitled to any unspent balance.

Cost Allowances:

1	General Cleanup Allowance: This cost will be used for cleanup of unidentifiable trash and debris as directed by the Construction Manager, and will be deducted from the Contract Sum to pay for cleanup services. Costs for this scope of work item are over and above costs for cleanup required by this Trade Contractor for their daily clean-up/general conditions. This requirement does not eliminate this Trade Contractors responsibility for the daily clean up of his/her work efforts.	\$2,000.00
2	Miscellaneous Patching Allowance: Miscellaneous fireproofing patching work to be completed at the direction of the construction manager.	\$20,000.00

3	Temporary Heating Allowance: Miscellaneous temporary heating equipment & fuel allowance as directed by the Construction Manager.	\$20,000.00
	Total of all Allowances	\$42,000.00

K. COST AND QUANTITY BREAKDOWN

In order to properly evaluate the Proposal, provide the following information. The Scope of Work to be awarded will not be influenced by the cost and quantity information requested here. Do NOT include the cost of any alternates in base bid or in the following information. Cost and quantity breakdown shall include all related work to the subject category.

1. Cost Breakdown

Sprayed-on Fireproofing	\$
Intumescent Fireproofing	\$
Temporary Enclosures	\$
Labor to move and maintain temporary heating equipment	\$
General conditions	\$
Cleanup of own debris (this is above and beyond the cost identified in Allowance #1)	\$
Total sum of Allowances described above	\$ 42,000.00
Total bond cost	\$
Mobilization	\$
Shop drawings and submittals	\$
Miscellaneous not included above (define below)	\$
Total Bid (Total of all items above including the Allowances)	\$

2. Quantity Breakdown

Item	Quantity	Material Cost	Installation Cost	Total Cost
Sprayed-on Cementitious Fireproofing	SF	\$	\$	\$
Intumescent Fireproofing	SF	\$	\$	\$

L. SCOPE OF WORK

1. Description of Work Included:

Except for those items (if any) specifically noted in the section below entitled "Work Excluded From This Bid Package", the work of this Bid Package shall INCLUDE, but is not necessarily limited to, all of the following:

- a. All items of work required by, and/or specified in, those sections of the Specifications which are listed herein under Section M SPECIFICATIONS – Specific Sections.
- b. All items of work related to the "Scope of Work", which are indicated in the Specifications which are listed herein under Section M SPECIFICATIONS – Related Sections.
- c. All items of work related to the "Scope of Work", which are shown on the Drawings listed herein under Section N CONTRACT DRAWINGS.
- d. The following "Specific Items to be Included" are related to those required by the above referenced documents and are to be provided under, and hereby form a part of, the Scope of Work of this Bid Package (Contract). Should any conflict exist between this written Scope of Work and any scope items implied by the above referenced documents, this Scope of Work shall govern.

SPECIFIC ITEMS TO BE INCLUDED

Perform complete all "Fireproofing & Intumescent Coating Work" and related work as required by and in accordance with the Conditions of Contract, Drawings, Specifications, and elaborations below. The Work shall include all labor, materials, equipment, and related items necessary to complete all of the work defined in the following specification sections, except for those noted exclusions or clarifications listed below.

In general, the following clarifies the scope of work to be included. It is intended for clarification and convenience only and is not intended to limit any portion of the scope of this bid package.

1. Perform complete all cementitious sprayed on fireproofing and intumescent fireproofing work including all materials, labor, equipment, and incidentals necessary for a complete installation and to obtain the specified UL ratings in the contract Documents.
2. Cementitious Fireproofing shall include all fireproofing as indicated on the contract documents which includes but is not limited to steel columns, beams, girders, lateral bracing, hollow structural section (HSS), and metal deck.
3. Intumescent Fireproofing shall include fireproofing and metallic topcoats as indicated on the contract documents.
4. Clean and prep all surfaces prior to application as noted in the specifications.
5. Provide a field constructed mock-up of intumescent system. Mock-up to be approximately 25sqft of surface for aesthetic and workmanship review and acceptance. Retain and maintain all mock-ups during construction in undisturbed condition as a standard for judging completed unit of work. Accepted mock-ups may become part of the completed work.

6. Provide temporary enclosures to contain the spray fireproofing and prevent excessive overspray. This enclosure shall ensure the weather does not damage this trade contractor's work. Protect adjacent Trade Contractor's work and clean any excess overspray from material which includes but is not limited to steel embeds for curtain wall, glass, masonry walls, metal studs, etc. Ensure maintaining adequate ambient conditions for temperature and ventilation.
7. Provide in the base bid the labor to operate temporary heating equipment while performing fireproofing activities. The labor cost to operate this heating equipment should be delineated in a separate line in the "Cost Breakdown" section of this bid form. In addition to this labor, there is a separate allowance for the cost to rent the heating equipment and fuel.
8. Provide continuous cleanup of overspray on floors, walls, ceilings and adjacent materials. Floors shall be cleaned completely of fireproofing so as not to impede adhesion of tile adhesives by others. Overspray adhered to metal decks does not have to be removed.
9. The Trade Contractor shall perform out of sequence work when directed by the Construction Manager to do so for the purpose of coordinating the work of other Trade Contractors and/or maintain the schedule for all other contractors.
10. Patching in all areas after completion of work shall start after all mechanical, electrical, and partition work is complete and at the direction of the Construction Manager.
11. A Perimeter cabling system fall protection will be installed by others on the centerline of exterior columns. Should it be necessary for this contractor to temporarily remove a portion of this cabling system, then he/she should take whatever additional safety measures are necessary to ensure adequate fall protection at the perimeter. Upon completion of each section of exterior wall, this Trade Contractor shall tighten cable turnbuckles as required to provide adequate cable tension.
12. Provide all shoring, bracing, staging and hoisting, and/or rigging required to complete your work.
13. This Trade Contractor shall exercise care while making attachments to fireproofing on steel. Negligent and/or excessive removal of fireproofing shall be repaired / restored at this Trade Contractor's cost.
14. Due to the aggressive project schedule and the anticipated contract award date at a JJC board meeting, the required contractual submittals are a critical item. Within two weeks of an authorization to proceed, which is the JJC board meeting date where the contract is approved, this trade contractor will be required to submit for approval a complete set of submittals as outlined in the contract documents & project specifications.
15. There is an existing underground vault and tunnel located under columns 1.19/1.S and 1.20/1.R shown on sheet S0.01. Caution should be taken with all operations next to or over this area. Consult with the CM before starting operations in this area.
16. Include 2 additional mobilizations in the scope for phasing of work not yet identified.
17. The Trade Contractor shall be required to enter the RFI's, Daily Work Reports and Submittals in Prolog Web. The Project Manager or Superintendent will be required to attend a two (2) hour Computer training by Gilbane which will teach them how to use this program.
18. All debris and materials demolished by this Trade Contractor shall be removed from the project site daily. Stockpiling of debris on the site will not be permitted. Dumpsters for the completion of this work shall be provided by the General Trades contractor. Please note for this project, Gilbane has adopted a policy to reduce the amount of construction waste being sent to landfills by 75%. To that end, the successful General Trades contractor will be required to provide documentation indicating that at least 75% of the entire construction waste shipped from this project has been recycled. This trade contractor will be required to comply with Gilbane's construction waste management plan which is included in the

front ends.

GENERAL PROVISIONS

1. The word Trade Contractor and the word Subcontractor are used interchangeably in the documents. Therefore where the words Trade Contractor or Subcontractor are used in the document, it shall mean a Contractor having a contract with the Owner unless it is apparent by the content of the usage that the Subcontractor reference is assumed to be a Subcontractor to a Contractor having a contract with the Owner.
2. The Construction Manager shall approve trade Contractor's Project Manager and Full Time, On-Site Superintendent (s). The Project Manager and Superintendent will be qualified and be able to make decisions on items that have contractual implications that may occur so as not to delay the progress of the project. The Project Manager and Superintendent shall not be changed without prior written approval of the Construction Manager.
3. Where the General Requirements or the Technical Specifications indicate that the Trade Contractor will be "directed by" or "as indicated or designated by" the Architect all such directions, indications and/or designations etc., shall be through the Construction Manager. All work performed by a Trade Contractor as directed by or as indicated or designated by the Owner, its consultants or the Architect which has not been communicated to the Trade Contractor through the Construction Manager shall not be an added cost to the Trade Contractor's contract with Gilbane and may be subject to rework at the expense of the offending Trade Contractor or Trade Contractors.
4. The Trade Contractor's Project Manager shall be responsible to maintain an accurate record of deviation and changes in the work and reasons there of. The Construction Manager and Architect may elect to review the status of these documents on a monthly basis. Failure on the part of the Trade Contractor to maintain the As-Built Documents will be cause to reject the Trade Contractor's monthly payment request in part or in total until the condition is corrected and the record documents are updated to reflect site conditions.
5. Before Substantial Completion of the contract, each Trade Contractor shall provide a Record Document indicating the as-built conditions including concealed locations and elevations. Record Documents shall incorporate all requirements as indicated in the Specifications and elsewhere in the bid documents. Upon approval of Record Document, the Trade Contractor shall provide electronic files of all documents as well as two hard copies. Electronic record files shall be in PDF format.
6. Trade Contractor shall immediately notify the Construction Manager in writing of his findings, especially upon finding unsatisfactory conditions that may affect his work and the quality of the work of others.
7. This project shall pursue a LEED certification with the United States Green Buildings Council (USGBC); see specifications for requirements and responsibilities of subcontractors.
8. The campus is an extremely busy site. Traffic patterns can be very congested at times and parking lots can fill up quickly. Extreme caution should be used at all times when entering and exiting the site.
9. Each Trade Contractor shall coordinate their work with the works of other trades and with the Construction Manager.
10. Separate mobilizations may be required. Review the project schedule carefully. Mobilizations are incidental to the Contract Sum.
11. The Construction Manager will provide 4 separate control lines, 2 in each direction on each floor. All additional layout is the responsibility of this Trade Contractor. The Construction Manager will also provide benchmarks at two locations. All offsets, additional layout or additional survey work required

beyond this is the responsibility of this Trade Contractor to provide. All survey work must be performed by an Illinois Licensed Surveyor.

12. The Owner has employed a testing agency for this project. This Trade Contractor shall conform to all testing requirements as identified within the Contract Documents. The Trade Contractor shall provide 48 hour notice to the Construction Manager prior to date testing agency needs to be on site to perform tests.
13. In addition to the requirements for safety defined in the Conditions of Contract and the Construction Manager's Safety Plan, the Trade Contractor shall submit within two weeks of Notice to Proceed a detailed safety plan defining it's intentions and procedures to be used on the project to comply with all requirements of OSHA and Project Safety Program, including work rules, fall protection, hoisting procedures, protection of other trades and finished materials, etc.
14. This Trade Contractor must include all costs necessary to address the requirements of the Safety and Project Quality Plan included in the Project Manual.
15. Each Trade Contractor shall submit a CPM schedule utilizing Primavera Project Planner or SureTrack software within 30 days after notice to proceed. This schedule shall include all construction activities of the Trade Contractor and shall abide by all the requirements indicated in the bid documents pertaining to Critical Path Method Scheduling. Monthly updates of the schedule are required to be submitted along with the monthly Application for Payment.
16. Each Trade Contractor shall field verify all existing conditions as required prior to commencing of work and shall make whatever modifications necessary to facilitate the installation of new work. Trade Contractor shall immediately notify the Construction Manager in writing of his findings, especially upon finding unsatisfactory conditions that may affect his work and the quality of the work of others.

The above listed items are not intended to be an all-inclusive listing of the specified Contract Scope of Work, but are merely to highlight the major items of work.

SPECIFIC ITEMS TO BE EXCLUDED

The following specific item(s) of work contained in the above referenced documents are EXCLUDED from the work of this Bid Package (Contract):

1. Dumpsters
2. Shop applied primer of steel that is to receive intumescent fireproofing. The steel will be shop primed by the structural steel work trade contractor.

M. SPECIFICATIONS

The following Specifications, together with the Drawings and other related items of work as described herein, further define the Scope of Work of the Bid Package (Contract).

CERTIFICATE OF BIDDER ELIGIBILITY

720 ILCS 5/33E-11 requires that all contractors bidding for public agencies in the State of Illinois certify that they are not barred from bidding on public contracts for bid rigging or bid rotation.

The following certification must be signed and submitted with bidder's bid proposal. FAILURE TO DO SO MAY RESULT IN DISQUALIFICATION OF THE BIDDER.

_____, as part of its bid for _____

certifies that said contractor is not barred from bidding on the aforementioned contract as a result of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

CERTIFICATE REGARDING HUMAN RIGHTS ACT

Any company or organization to be awarded a contract for goods and/or services must be in compliance with the **Human Rights Act** and all rules and regulations thereunder. Our company has an Equal Employment Opportunity and Affirmative Action Program which complies with Executive Order 11246, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 and the Rehabilitation Act of 1973.

YES _____ NO _____

CERTIFICATE REGARDING THE PREVAILING WAGE ACT

Our company certifies that it is eligible for bidding on public contracts, and has complied with section 11a of the Prevailing Wage Act, 820 ILCS 130/0.01-12(2000), and has not disregarded their obligations to employees under the Prevailing Wage Act on two (2) separate occasions, and that they, or any firm, corporation, partnership or association in which such contractors or subcontractors have an interest, are not prohibited from being awarded any contract or subcontract for a public works project. In addition, Joliet Junior College is requesting all Bidders/Awarded Trade Contractors to employ labor from a recognized apprenticeship training program as a condition of award.

YES _____ NO _____

CERTIFICATE REGARDING VALID BUSINESS LICENSE

Our company is eligible to do business in the State of Illinois and have submitted as part of this bid a valid business license and the Federal Employer Tax Identification Number (FEIN) or Social Security Number for individuals. Further, if applicable, our company will employ apprentices who are properly indentured into a Joint Apprenticeship Training Program which is registered and certified with the United States Department of Labor, Bureau of Apprenticeship and Training.
