

**JOLIET JUNIOR COLLEGE
REQUEST FOR PROPOSAL
WIRELESS COMMUNICATIONS**

Addendum No. 1

The following questions were received on or before Monday, February 9, 2009:

- 1) Please clarify cell phone w/2way, is it Nextel/Sprint, or if device can use Mobile to Mobile as a substitute or a Push to Talk through a data connection. What is the desired need?
 - a. The College does not wish to pursue Mobile to Mobile.
- 2) Pagers – The can be done via a Blackberry or Windows Mobile device, are these still needed? Even cell phones have paging capabilities. What is the desired need?
 - a. Pagers are still required, we currently have 15.
- 3) What is the total number of cellular minutes needed?
 - a. We currently have a pooled plan with an average of 300 minutes per user.
- 4) Which data platform is being needed? Windows Mobile, Blackberry, Simian or other?
 - a. Windows Mobile
- 5) Will E-Rate be used for the school?
 - a. Unknown
- 6) Does the school currently have a Wi-Fi network?
 - a. Yes
- 7) Would it like to use that network to make unlimited calls for \$10 a month per user?
 - a. No
- 8) Would the school like to integrate its IPPBX system to make the data device an extension of the network?
 - a. No
- 9) Would JJC be willing to participate in a Master Agreement such as WCSA (Western States Contracting Alliance)?
 - a. Vendor may submit one bid or multiple bids to be reviewed by the committee.
- 10) Vendor is respectfully requesting an extension of the due date.
 - a. The due date will be revised.
 - b. The revised due date is Thursday, February 26, 2009.**

All proposals will be reviewed independently and will be awarded based on the best interests of the College.

Please acknowledge receipt of this addendum by emailing or faxing back a confirmation receipt.
