Work Schedule:

The ventilation work is to take place between the hours of 10:00 p.m. and 6:00 a.m. Monday thru Friday. The gas piping work may take place during normal business hours.

Existing Electric Kilns:

JJC will disconnect and move the existing electric kilns and shelves to allow removal of the existing gas kiln and placement of the new gas kiln. JJC will then re-install the existing electric kilns and shelves.

Electrical Work:

All electrical work for the ventilation project will be by the ventilation contractor. All electrical work for removal of the gas kiln, and installation of the new kiln will be by JJC.

Gas Work/Pricing:

Gas pricing/removal of existing kiln shall be held until the end of 2010, pending delivery of the new gas kiln. Existing kiln shall be relocated by gas piping contractor and brought to JJC's surplus storage building located on JJC property. Weight of existing kiln is 2,700 lbs. The dimensions are approximately 54Wx58"Dx65"H.

Allowance to be included in base bid pricing:

Ventilation contractor to include a \$1,000 miscellaneous allowance in their bid. This allowance will not be chargeable unless authorized by JJC. Gas piping contractor is not required to include an allowance in their bid.
