Attn: Judy Mitchell, Director of Business and Auxiliary Services

FORWARD
PROPOSAL TO

FIRM NAME:

_____, the undersigned.

- A. Proposes to furnish all labor, materials, equipment, and services as required to satisfactorily complete all Resilient Flooring Work herein described as Bid Package No. 09N as required for the construction and completion of the Building J & K Renovations in accordance with the Drawings and Specifications as prepared by Legat Architects (Architect) and their Consultants, the Contract Documents, Project Manual Volumes 1, 2 and 3, dated May 20, 2011, this Bid Form, and all documents incorporated by reference. It is expressly understood by the Bidder that each of the enumerated documents as set forth in this paragraph are incorporated by reference as part of the Bid Proposal.

- B. All work required by the foregoing documents will be accomplished for the Lump Sum Bid Price of

_____(\$ _____)

(Show amount in both words and figures, in case of discrepancy amount shown in words will govern)

The Lump Sum Bid Price above EXCLUDES all applicable sales, consumer, use and other similar taxes for the project on the equipment and materials to be incorporated into the work (project is tax-exempt); INCLUDES all insurance premiums required to meet Schedule "A" - Insurance Specifications; and INCLUDES all premiums for Performance and Labor & Material Payment Bonds in the sum of one hundred ten percent of the Contract price.

- C. Bidder agrees that upon award of the contract by Joliet Junior College if written notice of the acceptance of this bid is mailed or delivered to the undersigned within sixty (60) days after the Proposal Due Date, or any time thereafter before it is withdrawn, the undersigned shall meet with representatives of Joliet Junior College and Gilbane Building Company at Joliet Junior College's office or at a mutually agreed upon location to execute the contract which is included as an Exhibit within this Project Manual. The Trade Contractor's contract will be held by and made with Joliet Junior College; Gilbane Building Company will be acting on the behalf of Joliet Junior College as their Construction Manager (agent). A Performance Bond and Labor & Material Payment Bond will be delivered to the Construction Manager at the time of execution of the Contract on the form contained within the Project Manual identifying Joliet Junior College and Gilbane Building Company as dual obligees. Failure to execute said contract within ten (10) days after receipt of written Notice to Proceed may be considered a default under the obligation of the bid bond. Insurance certificates shall be provided before starting on-site activities if such activities occur before the Contract is signed.

By submitting its bid, the Bidder hereby agrees that the Owner may, in its sole discretion, decide which combination of base bid plus alternates, (if any) would provide the Owner with the most efficient expenditure of the Owner's funds with respect to any particular Bidder. Owner's selection and determination of which combinations of base bid plus alternates (if any) would provide the most efficient expenditure of the Owner's funds shall form the basis of awarding the contract. By submitting its bid, Bidder further agrees that the sum total of the base bid plus alternates (if any) as so determined by the Owner separately for each Bidder shall be deemed to be such Bidder's bid for purposes of determining the lowest responsible Bidder for such portion of the work or for such bid package. Such determination by the Owner shall not be subject to challenge by the Bidder.

- D. The above price includes all stipulations and requirements of Supplement Numbers: _____, which have been received and accepted by the undersigned.

E. MILESTONE SCHEDULE DATES

See the Draft Milestone/Sequencing Schedule for reference. Dates and durations given are for reference only and are subject to change. Each awarded Trade Contractor, within 30 calendar days of being notified of their award, shall provide a CPM schedule (utilizing Primavera Project Planner or SureTrack software) to the Construction Manager defining scope of work items, items requiring fabrication, etc.; each with their respective anticipated start dates, end dates and durations. Trade Contractor is to identify any areas of potential conflict which may impact the Draft Milestone/Sequencing Schedule durations and/or milestones and/or prevent the Trade Contractor in meeting the expected start and finish dates identified in the Draft Milestone/Sequencing Schedule.

All work is to be completed in accordance with the Draft Milestone/Sequencing Schedule Dates as follows. Start dates for each area are subject to areas being vacated by current occupants and completion of abatement activities by others, if required. Start dates earlier than 6/29/2011 are dependent on the Contractor returning signed contract, bonds, and certificates of insurance prior to the start date. Completion dates are mandatory to meet Owner requirements for occupancy for academic purposes. Contractor shall collaborate

with other Trades to meet these dates, and shall include in their proposal all costs to meet these dates, should accelerated procedures be required. Renovation of areas that will be occupied during renovation (noted below) shall be phased as directed by Gilbane to permit Owner operations during the renovation.

Bid Release 26 - Milestone Schedule Dates (Estimated)

	Start	Finish

F. TRADE-SUBCONTRACTORS

The following trade subcontractors are proposed for the item of work listed. Trade Subcontractors are subject to review per the General Conditions. List only firms that will supply labor at the site.

ITEM OF WORK	TRADE SUBCONTRACTORS

G. NOT USED

H. UNIT PRICES

Unit Prices shall be used, where applicable, to make adjustments to the cost of the Work due to changes. ALL Unit Prices submitted shall be complete in-place prices and include all costs for overhead, profit, bond costs, labor, materials, equipment, engineering, shop drawings and any other incidentals related to the completion of the Work, and shall remain firm for the period of the contract. Deductive unit prices will be calculated at no less than 85% of the additive unit price.

Unit Prices (furnished and installed unless noted otherwise):	
<u>Description</u>	<u>Cost</u>
Vinyl Composition Tile, based on 100 sf	\$ /sf
Carpet; based on 100 sf	\$ /sf
Resilient Flooring Base; based on 50 lf	\$ /lf

I. ALTERNATE PRICES

An Alternate Price shall include all costs associated with the changes, omissions, additions or other adjustments to the Work of this Bid Package (Contract), which are described in the Alternate, or are reasonably inferable there from. Claims for extras resulting from changes caused by the acceptance or rejection of any Alternate will not be allowed. Alternate prices shall also include all costs of overhead, profit and bond costs associated with the work of the Alternate, whether additive or deductive.

The Drawings, Specifications and other Contract Documents shall be considered appropriately modified by either the acceptance or rejection of the various Alternates. The Owner and the Construction Manager expressly reserve the right to accept or reject any, or all, Alternate Prices, and in any sequence.

Acceptance or rejection of any Alternate does not relieve the Bidder of timely completion of the Work within the time periods indicated.

Alternates: Alternate No. 1: Perform all work associated with converting existing rooms J2003G, J2003F and J2005A into the new Server Room J2005, as indicated on the drawings.

\$ _____

J. COST ALLOWANCES

The Bidder includes the following Cost Allowances in the total Lump Sum Amount of the Base Bid for this Bid Package. See General Conditions for definition of Allowances.

The Trade Contractor must include the cost of the allowances in the Base Bid. The Base Bid cost of this package should include the appropriate mark-up on the allowances. All work completed under the allowance will be paid at cost since the mark-up is incorporated in the base bid. Trade Contractors are not entitled to any unspent balance.

Cost Allowances:

1	General Cleanup Allowance: This cost will be used for clean-up of unidentifiable trash and debris as directed by the Construction Manager, and will be deducted from the Contract Sum to pay for clean-up services. Costs for this scope of work item are over and above costs for clean-up required by this Trade Contractor for their daily clean-up/general conditions. This requirement does not eliminate this Trade Contractors responsibility for the daily clean-up of his/her work efforts.	\$ 5,000.00
2	Skim Coat and Leveling Allowance: Include in the Base Bid for skim coat, leveling and patching for cracks, holes and depressions in slabs beyond the base bid requirements as determined and at the direction of the Construction Manager.	\$40,000.00
Total of all Allowances		\$45,000.00

K. COST AND QUANTITY BREAKDOWN

In order to properly evaluate the Proposal, provide the following information. The Scope of Work to be awarded will not be influenced by the cost and quantity information requested here. Do NOT include the cost of any alternates in base bid or in the following information. Cost and quantity breakdown shall include all related work to the subject category.

1. Cost Breakdown

Sub Base Preparation Work	\$
---------------------------	----

Resilient Flooring and Base Work	\$
Carpet Tile Work	\$
Floor Protection & Removal	\$
Cleanup of own debris (this is above and beyond the cost identified in Allowance #1)	\$
Total sum of Allowances described above	\$ 45,000.00
Total bond cost	\$
Mobilization	\$
Shop drawings and submittals	\$
Miscellaneous not included above (define below)	\$
Total Bid (Total of all items above including the Allowances)	\$

2. Quantity Breakdown

Item	Quantity	Material Cost	Installation Cost	Total Cost
Resilient Flooring	SF	\$	\$	\$
Resilient Base	SF	\$	\$	\$
Carpet Tile	SF	\$	\$	\$

L. SCOPE OF WORK

1. Description of Work Included:

Except for those items (if any) specifically noted in the section below entitled "Work Excluded From This Bid Package", the work of this Bid Package shall INCLUDE, but is not necessarily limited to, all of the following:

- a. All items of work required by, and/or specified in, those sections of the Specifications which are listed herein under Section M SPECIFICATIONS – Specific Sections.
- b. All items of work related to the "Scope of Work", which are indicated in the Specifications which are listed herein under Section M SPECIFICATIONS – Related Sections.
- c. All items of work related to the "Scope of Work", which are shown on the Drawings listed herein under Section N CONTRACT DRAWINGS.
- d. The following "Specific Items to be Included" are related to those required by the above

referenced documents and are to be provided under, and hereby form a part of, the Scope of Work of this Bid Package (Contract). Should any conflict exist between this written Scope of Work and any scope items implied by the above referenced documents, this Scope of Work shall govern.

SPECIFIC ITEMS TO BE INCLUDED

Perform complete all "General Trades Work" and related work as required by and in accordance with the Conditions of Contract, Drawings, Specifications, and elaborations below. The Work shall include all labor, materials, equipment, and related items necessary to complete all of the work defined in the following specification sections, except for those noted exclusions or clarifications listed below.

In general, the following clarifies the scope of work to be included. It is intended for clarification and convenience only and is not intended to limit any portion of the scope of this bid package.

1. Provide all resilient flooring, carpet tile, resilient base, transition and edge strips, accessories, and all backing, adhesives, trim, sealants, primers, etc., required for a complete installation.
2. This Trade Contractor shall be responsible for all sub-floor preparation as is required by specification and manufacturer's recommendations, including but not limited to all grinding, sanding, cleaning, control joints, vacuuming, and sub-floor filling required to provide a smooth, flat, hard surface. Remove all layout paint as required. Installation of work shall be considered an acceptance of substrate.
3. Skim coat, patching, and leveling in existing areas beyond the base bid requirements will be at the direction of the Construction Manager and will come out of the Skim Coat and Leveling Allowance.
4. This Trade Contractor is responsible for protecting their work after installation until occupancy and final turn-over to the Owner. Using clean, non-staining, reinforced building paper or reinforced plastic sheets provide wall to wall protection over 100% of the surface of materials installed in this bid package. In addition, in all corridors, provide plywood or hardboard covers for the entire width of the corridors. Securely tape all seams and joints in paper, plastic sheets, plywood and/or hardboard. Securely fasten plywood or hardboard to plastic sheets or paper. Maintain and repair as necessary temporary floor protection from the time it is installed until it is removed just prior to occupancy and turn-over to the Owner. Remove and dispose floor protection materials when directed by the Construction Manager.
5. The existing flooring is being removed under a separate contract. The floors will be turned over to this Trade Contractor after heavy broom sweeping. Light/fine broom sweeping is included in this Bid Package. Installation of work shall be considered an acceptance of substrate.
6. Field verify, account for, take into consideration, and take appropriate precautions for all floor drains, floor clean-outs, recessed access panels, electrical floor boxes, miscellaneous anchors, recessed frames, thresholds, etc., that may impact this Trade Contractor's scope of work. Allow for patching around all floor drains and clean-outs to a diameter of four (4) feet from the drain or clean-out. The Trade Contractor to allow proper pitch to floor drains.
7. This trade contractor shall protect all adjacent areas of work. Remove protection after completion of the work of this bid package and repair all damaged areas as necessary and required. This trade contractor shall be responsible for protection of his or her own work during the duration of this trade contractor's scope of work. This trade contractor is also responsible for the covering his or her own work as required by specification.
8. Leave all areas in a broom swept condition, free of all construction debris. Clean up of all work areas is to be done on a daily basis to maintain a clean and safe working environment. This Trade Contractor must include all costs necessary to clean up after themselves and also dispose of debris into the

appropriate gondolas provided by the General Trades Contractor.

9. Provide all moisture content and ph testing, as required per the specifications on all subsurfaces to receive this trade contractor's work. Gilbane is to be notified verbally immediately (and in writing within 24 hrs.) of all tests that are above the manufacturer's specified limits.
10. This contractor shall be responsible for providing a final cleaning of his or her work upon completion of this Trade Contractor's work.
11. All debris and materials demolished by this Trade Contractor shall be removed from the project site daily. Stockpiling of debris on the site will not be permitted. Dumpsters for the completion of this work shall be provided by the General Trades contractor. Please note for this project, Gilbane has adopted a policy to reduce the amount of construction waste being sent to landfills by 75%. To that end, the successful General Trades contractor will be required to provide documentation indicating that at least 75% of the entire construction waste shipped from this project has been recycled. This trade contractor will be required to comply with Gilbane's construction waste management plan which is included in the front ends.

GENERAL PROVISIONS

1. The word Trade Contractor and the word Subcontractor are used interchangeably in the documents. Therefore where the words Trade Contractor or Subcontractor are used in the document, it shall mean a Contractor having a contract with the Owner unless it is apparent by the content of the usage that the Subcontractor reference is assumed to be a Subcontractor to a Contractor having a contract with the Owner.
2. The Construction Manager shall approve trade Contractor's Project Manager and Full Time, On-Site Superintendent (s). The Project Manager and Superintendent will be qualified and be able to make decisions on items that have contractual implications that may occur so as not to delay the progress of the project. The Project Manager and Superintendent shall not be changed without prior written approval of the Construction Manager.
3. Where the General Requirements or the Technical Specifications indicate that the Trade Contractor will be "directed by" or "as indicated or designated by" the Architect all such directions, indications and/or designations etc., shall be through the Construction Manager. All work performed by a Trade Contractor as directed by or as indicated or designated by the Owner, its consultants or the Architect which has not been communicated to the Trade Contractor through the Construction Manager shall not be an added cost to the Trade Contractor's contract with Gilbane and may be subject to rework at the expense of the offending Trade Contractor or Trade Contractors.
4. The Trade Contractor's Project Manager shall be responsible to maintain an accurate record of deviation and changes in the work and reasons there of. The Construction Manager and Architect may elect to review the status of these documents on a monthly basis. Failure on the part of the Trade Contractor to maintain the As-Built Documents will be cause to reject the Trade Contractor's monthly payment request in part or in total until the condition is corrected and the record documents are updated to reflect site conditions.
5. Electronic Data and Documentation Submittal (e-Doc): Trade Contractors shall provide construction documentation in electronic documentation to support the Owner's computerized asset, maintenance, or space management systems for: Equipment tagging, Updated as-built drawings, Submittal of Construction Documents, Asset Data, etc. Updated monthly and all submittals shall be completed prior to substantial completion. Refer to Manual 1 for more information on e-Doc.
6. Before Substantial Completion of the contract, each Trade Contractor shall provide a Record Document indicating the as-built conditions including concealed locations and elevations. Record Documents shall

BP 09N Resilient Flooring Work (Re-bid)

incorporate all requirements as indicated in the Specifications and elsewhere in the bid documents. Upon approval of Record Document, the Trade Contractor shall provide electronic files of all documents as well as two hard copies. Electronic record files shall be in PDF format.

7. The Trade Contractor shall be required to enter the RFI's, Daily Work Reports and Submittals using iBuild (requires Internet Explorer 7 or higher and active X, no other software is required). The Project Manager and Superintendent will be required to attend a two (2) hour Computer training which will teach them how to use this program. Refer to Manual 1 for more information on iBuild.
8. Trade Contractor shall immediately notify the Construction Manager in writing of his findings, especially upon finding unsatisfactory conditions that may affect his work and the quality of the work of others.
9. Trade Contractor is responsible for all Drug Screen and Safety requirements, as outlined in the Safety Policy.
10. The campus is an extremely busy site. Traffic patterns can be very congested at times and parking lots can fill up quickly. Extreme caution should be used at all times when entering and exiting the site.
11. This Trade Contractor shall make arrangements with the Construction Manager for any storage provisions prior to mobilization. Outside storage must be coordinated with Gilbane. All areas disturbed by the action of the Trade Contractor shall be returned to their original condition at no additional expense to the owner.
12. This Trade Contractor shall review all means of building access and make provisions to ensure that equipment provided by this Bid Package will fit through permanent doorways and/or structure.
13. The Service Elevator at the east end of Building J may be utilized at pre-arranged times for delivery of materials and removal of debris. Use must be coordinated around use by the Owner, who will occupy portions of the building during the renovation. Deliveries that are not scheduled in advance with Gilbane's Project Manager may be refused access to the loading dock and elevator.
14. This Trade Contractor is cautioned that its work will control the schedule of some of the work of other Trade Contractors. The schedule for this package is not an independent activity that can be completed early without concurrence from other effected Trade Contractors. At times, disruptive activities may be stopped or rescheduled to accommodate the Owner's use of occupied areas of the building, for activities such as classes or exams. These provisions shall be considered as a part of the cost of this Bid Package.
15. Each Trade Contractor shall coordinate their work with the works of other trades and with the Construction Manager.
16. This bid package construction work is phased will require multiple mobilizations to be include in the base bid as appropriate to accommodate various areas of construction required to complete the work.
17. The Owner has employed a testing agency for this project. This Trade Contractor shall conform to all testing requirements as identified within the Contract Documents. The Trade Contractor shall provide 48 hour notice to the Construction Manager prior to date testing agency needs to be on site to perform tests.
18. In addition to the requirements for safety defined in the Conditions of Contract and the Construction Manager's Safety Plan, the Trade Contractor shall submit within two weeks of Notice to Proceed a detailed safety plan defining it's intentions and procedures to be used on the project to comply with all requirements of OSHA and Project Safety Program, including work rules, fall protection, hoisting procedures, protection of other trades and finished materials, etc. This Trade Contractor must include all costs necessary to address the requirements of the Safety and Project Quality Plan included in the

Project Manual.

19. Each Trade Contractor shall submit a CPM schedule utilizing Primavera Project Planner or SureTrack software within 30 days after notice to proceed. This schedule shall include all construction activities of the Trade Contractor and shall abide by all the requirements indicated in the bid documents pertaining to Critical Path Method Scheduling. The schedule shall include detailed information indicating dates work activities will occur in each Area of the occupied buildings. Monthly updates of the schedule are required to be submitted along with the monthly Application for Payment.
20. Each Trade Contractor shall field verify all existing conditions as required prior to commencing of work and shall make whatever modifications necessary to facilitate the installation of new work. Trade Contractor shall immediately notify the construction manager in writing of his findings, especially upon finding unsatisfactory conditions that may affect his work and the quality of the work of others.

The above listed items are not intended to be an all-inclusive listing of the specified Contract Scope of Work, but are merely to highlight the major items of work.

SPECIFIC ITEMS TO BE EXCLUDED

The following specific item(s) of work contained in the above referenced documents are EXCLUDED from the work of this Bid Package (Contract):

1. Removal of existing flooring.
2. Dumpsters.
3. Sealing and Waxing of VCT.
4. Removal of existing flooring.
5. All work on the third floor of the Building J
6. All work on the first and second floor of the Building K
7. All work in Math Classroom 2012.
8. All work on the fourth floor of the Building J shall be excluded, EXCEPT the pipe chase work shown in rooms J4025 and J4042.
9. Work in Corridor J2070, Corridor J2032, and Meeting/ Office J2002
10. Work on the roof related to CU-1, CU-2, and C4
11. The new fire alarm panel that was wired to the existing first floor fire alarm panel. The new fire alarm components on the first and second floor shall tie into the existing system fire alarm panel.

M. SPECIFICATIONS

CERTIFICATE OF BIDDER ELIGIBILITY

720 ILCS 5/33E-11 requires that all contractors bidding for public agencies in the State of Illinois certify that they are not barred from bidding on public contracts for bid rigging or bid rotation.

The following certification must be signed and submitted with bidder's bid proposal. FAILURE TO DO SO MAY RESULT IN DISQUALIFICATION OF THE BIDDER.

_____, as part of its bid for _____

certifies that said contractor is not barred from bidding on the aforementioned contract as a result of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.
