

JOLIET JUNIOR COLLEGE

1901

Request for Proposal Audit Services

DATE: January 27, 2011

ADDENDUM #1

The questions asked at the pre-proposal conference were answered at that time and not included in this addendum. Attached to this addendum are the following: JJC Single Audit 2009, JJC Single Audit 2008, JJC FY10 CAFR and Single Audit, and JJC Assistance Corp 2010.

Response to questions pertaining to the Joliet Junior College Request for Proposal for the Audit Services received by the deadline of January 24, 2011 are listed below:

- 1) Does the College receive IBHE funding that would require a separate compliance audit?
Yes, see attached audit.

- 2) Did the College receive funding through ICCTA in 2011?
No

- 3) Is there a 990 to be filed for the Building Company? Who prepares the 990 – the College or the auditors?
No

- 4) What is the size of the IT staff?
Security – 2 FT
Project Management – 2 FT
Network – 5 FT
Datatel – 5 FT / 1 FT Vacant Position
Web – 3 FT
PC Help - 17 FT; 2 PT; 1 Student Worker

- 5) Is any element of IT administration outsourced to a third party?
No

- 6) Describe the various pathways for a user to access the IT system?
Desktop computers via our network, and can be accessed via the Internet thru Citrix.
- 7) Please provide a brief description the network structure -- application systems, databases, and servers.
Datatel Colleague is our ERP system which runs on a Unidata database.
- 8) Were there any audit adjustments proposed by the auditors in the June 30, 2010 financial statements?
One or two.
- 9) If so, can you describe what the adjustments were for?
Capital assets.
- 10) Approximately how many audit hours were incurred for the 2010 financial statement audit?
Unsure
- 11) What were the fees for the 2010 audit?
\$73,000
- 12) Does internal audit provide any assistance to the external auditors?
Do not have one.
- 13) Have there been any significant reductions in staff affecting the processes and internal controls over financial reporting?
No
- 14) Have the auditors evaluated the general and application level controls over the electronic data processing systems as a part of the audit?
We believe so.
- 15) Have there been significant delays in the receipt of funding from the State? **Yes**
What impact has this had on operations or compliance?
None so far.
- 16) Have there been substantial changes in the amount of federal funding since the fiscal year ending June 30, 2010 and if so, what is the nature of the additional funding? **No** Any non-compliance matters or internal control deficiencies identified in 2010?
See A-133 report.

- 17) What is the status of the 2010 A-133 findings? Are they expected to repeat in 2011?
Financial aid indicates they are in compliance now.
- 18) Can we receive a copy of the management letter for FY 2010 and a copy of the 2008 and 2009 single audit reports?
Management letter – No 2008 and 2009 Single audit - Attached
- 19) When does the College typically have a preliminary draft of the schedule of federal expenditures/expenses and a preliminary determination of major programs prepared?
By preliminary field work.
- 20) Are student financial aid files kept electronically or in paper format?
Electronically
- 21) Does the College anticipate having any significant new bond issues for 2011 and beyond?
Not in 2011, maybe in the future.
- 22) What was the fee for the 2010 audit of the college and did this fee encompass the same scope of services as enumerated in the RFP?
See question #11.
- 23) Have there been any significant changes in personnel, internal control or operations since the previous audit? If so, please describe.
No
- 24) What were the total audit fees for the past 3 years?
See # 11
- 25) What was the approximate number of hours incurred on the audits for the past 3 years?
See #10
- 26) Will you be providing the attendance listing for the bidders conference?
Pre-bid attendance sheet is posted to our website at the following link:
<http://www.jjc.edu/about/operational/business-auxiliary/purchasing/Documents/2011/R11001prebid.pdf>

R11001

27) Have there been any turnover/stability issues in key financial reporting and accounting positions?

No

28) What has been the nature and extent of interaction between College management and your current auditors outside the audit timetable?

Occasional questions.

Finally, JJC may seek additional audits as deemed necessary by administration. It is our intent to utilize the services of the selected firm.

Please acknowledge receipt of this addendum by emailing to jmitchel@jjc.edu Include your name, title and company name in your acknowledgement email. Failure to do so could result in disqualification of your bid.

Additional information regarding this bid can be found at:

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

We have audited the financial statements of the business-type activities and the discretely presented component unit (the Foundation) of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2009, and have issued our report thereon dated September 29, 2009. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Foundation, as described in our report on Joliet Junior College – Community College District No. 525's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Joliet Junior College – Community College District No. 525's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Joliet Junior College – Community College District No. 525's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Board of Trustees and is not intended to be and should not be used by anyone other than those specified parties.

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Members of the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

Compliance

We have audited the compliance of Joliet Junior College – Community College District No. 525 with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Joliet Junior College – Community College District No. 525's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Joliet Junior College – Community College District No. 525's management. Our responsibility is to express an opinion on Joliet Junior College – Community College District No. 525's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Joliet Junior College – Community College District No. 525's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Joliet Junior College – Community College District No. 525's compliance with those requirements.

In our opinion, Joliet Junior College – Community College District No. 525 complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of Joliet Junior College – Community College District No. 525 is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Joliet Junior College – Community College District No. 525's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but, not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by any entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the business-type activities and the discretely presented component unit of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2009, and have issued our report thereon dated September 29, 2009. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise Joliet Junior College – Community College District No. 525's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management and the Board of Trustees and is not intended to be and should not be used by anyone other than those specified parties.

Joliet Junior College – Community College District No. 525

Note to Schedule of Expenditures of Federal Awards

Note 1. Significant Accounting Policies

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Joliet Junior College – Community College District No. 525 and is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of financial statements. No funds were identified as having been provided to subrecipients by Joliet Junior College – Community College District No. 525 under the meaning of Sections 105 and 210 of OMB of Circular A-133, and accordingly, no funds identified in the Schedule of Expenditures of Federal Awards are attributable to subrecipient entities as required under Section 310(b) of OMB Circular A-133. There were no federal awards expended for non-cash assistance, insurance or loan guarantees outstanding at year-end.

Basis of accounting: The schedule has been prepared using the accrual basis of accounting which is the same basis used in preparing the basic financial statements of the District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

We have audited the financial statements of the business-type activities and the discretely presented component unit (the Foundation) of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2008 and have issued our report thereon dated September 30, 2008. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Foundation, as described in our report on Joliet Junior College – Community College District No. 525's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Joliet Junior College – Community College District No. 525's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Joliet Junior College – Community College District No. 525's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Board of Trustees and is not intended to be and should not be used by anyone other than those specified parties.

September 30, 2008

McGladrey & Pullen

Certified Public Accountants

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Members of the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

Compliance

We have audited the compliance of Joliet Junior College – Community College District No. 525 with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. Joliet Junior College – Community College District No. 525's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Joliet Junior College – Community College District No. 525's management. Our responsibility is to express an opinion on Joliet Junior College – Community College District No. 525's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Joliet Junior College – Community College District No. 525's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Joliet Junior College – Community College District No. 525's compliance with those requirements.

In our opinion, Joliet Junior College – Community College District No. 525 complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Joliet Junior College – Community College District No. 525 is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Joliet Junior College – Community College District No. 525's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but, not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by any entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the business-type activities and the discretely presented component unit of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2008, and have issued our report thereon dated September 30, 2008. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise Joliet Junior College – Community College District No. 525's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management and the Board of Trustees and is not intended to be and should not be used by anyone other than those specified parties.

Note to Schedule of Expenditures of Federal Awards

Note 1. Significant Accounting Policies

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Joliet Junior College – Community College District No. 525 and is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of financial statements. No funds were identified as having been provided to subrecipients by Joliet Junior College – Community College District No. 525 under the meaning of Sections 105 and 210 of OMB of Circular A-133, and accordingly, no funds identified in the Schedule of Expenditures of Federal Awards are attributable to subrecipient entities as required under Section 310(b) of OMB Circular A-133. There were no federal awards expended for non-cash assistance, insurance or loan guarantees outstanding at year-end.

Basis of accounting: The schedule has been prepared using the accrual basis of accounting which is the same basis used in preparing the basic financial statements of the District.

Letter to the Citizens of Joliet Junior College
Community College District No. 525

FORMAL TRANSMITTAL OF THE COMPREHENSIVE ANNUAL FINANCIAL REPORT

The Comprehensive Annual Financial Report of Joliet Junior College, Community College District No. 525, Counties of Will, Grundy, Livingston, Cook, Kendall, LaSalle, and Kankakee, and the state of Illinois, for the fiscal year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities in relation to its mission have been included.

Financial Statements

This letter of transmittal should be read in conjunction with the management's discussion and analysis which immediately follows the independent auditor's report and focuses on current activities, accounting changes, and currently known facts.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical, and other reports. The introductory section includes this transmittal letter, a list of principal officials and the District's organizational chart. The financial section includes the report of our independent public accountants, management's discussion and analysis, the basic financial statements, notes to the financial statements and supplemental financial information. The statistical section includes selected unaudited financial and demographic information, generally presented on a multi-year basis. The other reports section includes grants and enrollment audits required by the Illinois Community College Board (ICCB) together with the related auditor's reports.

The District maintains its accounts and prepares its financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) as set forth by Governmental and Financial Accounting Standards Boards (GASB and FASB), National Association of College and University Business Officers (NACUBO) and the Illinois Community College Board (ICCB). The financial records of the District are maintained on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal obligation to pay. The notes to the financial statements expand and explain the financial statements and the accounting principles applied. The financial statements have been audited by our independent auditors, McGladrey & Pullen, LLP, and their report is included as part of this financial presentation.

Letter to the Citizens of Joliet Junior College
Community College District No. 525

Joliet Junior College is subject to the authority of the Illinois Community College Board under the Illinois Board of Higher Education. The District is governed by the Board of Trustees, which is elected by the public and has the exclusive responsibility and accountability for the decisions it makes. The District has the statutory authority to adopt its own budget, to levy taxes, and to issue bonded debt without the approval of another government. It has the right to sue and be sued, and has the right to buy, sell, lease or mortgage property in its own name. Based on these criteria, the District is considered a primary government. In addition, a primary government may also be financially accountable for governmental and non-governmental organizations that are fiscally dependent on it. The District has determined that the Joliet Junior College Assistance Corporation and the Joliet Junior College Foundation and its subsidiary meet these criteria and have been included in the District's reporting entity. These component units are described in the footnotes to the financial statements.

PROFILE OF THE GOVERNMENT

History

Joliet Junior College is the nation's first public community college. In 1901, Joliet Township High School Superintendent J. Stanley Brown and University of Chicago President William Rainey Harper developed a program in which Joliet area students could complete the first two years of baccalaureate coursework at the local high school and then transfer to the University of Chicago for the final two years of study. The first class consisted of six students, and in 2010 the College has grown to more than 45,000 credit and non-credit students.

Today, Joliet Junior College is a comprehensive suburban community college and continues to offer pre-baccalaureate programs for students planning to transfer to four-year colleges and universities. In addition, the college provides career preparation training, workforce development and a lifetime of learning to the diverse community it serves.

Classes are offered during the day, evening and weekends at the Main Campus on Houbolt Road in Joliet, the City Center Campus in downtown Joliet, the Romeoville Campus in Romeoville, the Frankfort Education Center in Frankfort, the Morris Education Center in Morris, the Weitendorf Agricultural Education Center in Joliet and at satellite sites throughout the District's seven counties, which include parts of Will, Grundy, Kankakee, Kendall, LaSalle, Livingston and Cook Counties.

The District's mission is determined by the Illinois Community College Act, which establishes the statewide community college system. Simply stated, the mission is to serve the post-secondary educational needs of the residents of Community College District No. 525. To fulfill this mandate, the District, through its strategic planning process, has expanded its mission and vision to be in concert with the educational needs of its constituents.

Mission

Joliet Junior College (JJC) enriches people's lives through affordable, accessible, and quality programs and services. The college provides transfer and career preparation, training and workforce development, and a lifetime of learning to the diverse community it serves.

Vision

Joliet Junior College, the nation's first public community college, will be a leader in teaching and learning, and the first choice for postsecondary education.

Strategic Goals

1. Improve student success with an emphasis on enrollment, retention, graduation, and transfer rates and effective teaching strategies and learning outcomes.
2. Increase institutional sustainability with an emphasis on obtaining necessary resources, state-of-the-art facilities, professional development, and environmental stewardship.
3. Increase and improve partnerships with organizations that support the college's mission.
4. Utilize technology strategically to advance teaching and learning, expand online and alternative delivery methods, and enable effective administrative and support services.
5. Improve the success of minority, underrepresented and underprepared student populations in addition to closing the gap between high school and college performance.
6. Develop programs that anticipate and respond to labor market demand.

INFORMATION USEFUL IN ASSESSING THE GOVERNMENT'S ECONOMIC CONDITION

Economic Condition and Outlook

The District encompasses not only the far southwest suburban region of Chicago, but it also includes significant rural and unincorporated areas of Northern Illinois. The largest part of the 1,442-square-mile District resides in Will and Grundy Counties. Will County has the distinction of being one of the fastest growing counties in Illinois. Its growth over the last 10 years is due primarily to low unemployment, good transportation availability and its proximity to the Chicago metropolitan area. Despite the dramatic slow down in the economy, \$43,000,000 of new assessed value was added in Will County.

Grundy County is the second largest county in the District and is mostly rural. As Chicagoland growth continues to spread southwest, Grundy County has also experienced increases in its assessed value. In this year alone, \$28,500,000 of new assessed value was added.

The city of Joliet, located in Will County, is the District's largest urban area. The city has a population of 152,000 and had enjoyed significant economic growth until recently. One of the main reasons for the economic growth is the revenue generated by two riverboat casinos that operate within the city limits along with the Chicagoland Speedway and the Route 66 Raceway. Revenue from the riverboat casinos has continued to decrease in 2010 and the city has been reducing its workforce by not replacing positions that become vacant and through an early retirement program. In addition, the city is looking at new sources of revenue to maintain the services they provide.

In developing the District's budget for the year ending June 30, 2011, new assessed value growth was reduced to \$200,000,000 or only a .9% increase and property tax revenue is only expected to increase 2.9% in total. State revenues are budgeted to decrease 25.3% due to the state's fiscal crisis and its inability to pay obligations timely. To maintain a balanced budget and serve the increase in students, the trustees approved a \$9 tuition increase. The tuition increase in the 2011 budget funds five new faculty positions, a library director, a veterans coordinator, a second grant writer, an additional police officer and an accounts receivable specialist. The budget is balanced and all major revenue sources are expected to meet budget.

Major Initiatives

During 2008, a Campus Master Planning Study was completed that created a new vision for the District that was based on a detailed analysis of existing goals, growth and needs of the District's community and current trends in higher education.

Letter to the Citizens of Joliet Junior College
Community College District No. 525

Throughout the process, the District assessed space and facility needs to design a master plan that encompasses 750,000 square feet of facilities and 463 acres of land. The District community has been a vital part of the process providing valuable feedback that has helped create the consensus plan that was presented to the Board of Trustees in March 2008.

The District is financing its \$208 million master plan through the shared responsibility of students, taxpayers, and the private and not-for-profit sector.

- A \$70 million bond for student service-based projects was issued in November 2008 and is being financed by a student fee. The projects include a new campus center, greenhouse, facility services building, classroom remodeling and expanded parking. The capital assessment fee was increased \$9 per credit hour to a total of \$14 per credit hour in fiscal year 2009. For fiscal year 2010, the capital assessment fee was increased from \$14 to \$16 and for fiscal year 2011, it was increased to \$17 per credit hour to provide further funding for the District's master plan.
- Community members were asked to support projects through an \$89 million building-bond referendum on the November 4, 2008 ballot. The success of the referendum will provide the necessary funding for projects that support the creation of new jobs in high growth industries in the district such as nursing, automotive technology, culinary arts and science.
- Partnerships will fund additional projects, such as the joint venture between the District and the YMCA on a capital campaign to privately raise an estimated \$30 million for an athletic facility. The remaining \$19 million will be raised through additional partnerships and existing capital funds.

Three-Year Financial Plan: As a part of its planning activities, the District developed a *Three-Year Financial Plan* that is consistent with the strategic goals. This financial plan, which is updated annually, is presented to the Board of Trustees in January of each year. The plan identifies major areas of concern that must be addressed if the college is to continue to fulfill its mission, vision, and strategic planning initiatives:

- Addressing potential impact of the state's fiscal crisis on the college's budget.
- Accommodating staff and resource needs to address projected enrollment growth.
- Maintaining appropriate reserves and cash flow.
- Updating the college's strategic plan and ensuring budget priorities are consistent.
- Funding projects from the college's infrastructure improvement plan.
- Addressing impact of master plan construction on operating costs.

Financial Information

Internal Control. Management of the District is responsible for establishing and maintaining internal controls designed to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits require estimates and judgments by management.

Budgetary Controls. The District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the District's Board of Trustees. The following activities are included in the annual budget:

- Current Unrestricted
 - Educational Accounts
 - Operations and Maintenance Accounts
 - Capital Projects Fund (Operations and Maintenance – Restricted)
 - Auxiliary Enterprises
 - Audit
 - Liability, Protection and Settlement
 - Working Cash
 - Self-Insurance
- Current Restricted
 - Restricted Purpose
 - General Obligation Bond

The level of budgetary control (that is, the level at which expenditures cannot exceed the budget amount) is established for each individual fund. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

OTHER INFORMATION

Awards. The Association of School Business Officials International awarded a Certificate of Excellence in Financial Reporting to Joliet Junior College for its June 30, 2009 Comprehensive Annual Financial Report. The Certificate of Excellence in Financial Reporting Program is a prestigious national award, recognizing conformance with the highest standards of financial reporting. Fiscal 2009 was the tenth year the District received this award for financial reporting.

In addition, the Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Joliet Junior College for its comprehensive annual financial report for the fiscal year ended June 30, 2009. Fiscal 2009 was the eighth year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

These certificates are valid for a period of one year only. The administration believes the current comprehensive financial report continues to conform to these high standards of financial reporting and will be submitted for review.

During the 2008-09 academic year, the District received recognition by the ICCB for the next five years. Recognition is a statutory term describing the status of a community college district that meets instructional, administrative, financial, facility, and equipment standards as established by the ICCB. Community colleges are recognized on a five-year cycle. The District's current recognition lasts until the 2014-15 academic year.

Letter to the Citizens of Joliet Junior College
Community College District No. 525

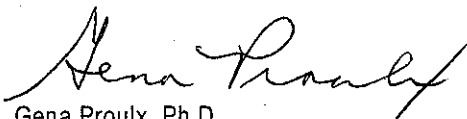

In March 2008, the Higher Learning Commission announced the District had received reaffirmation of accreditation through the Academic Quality Improvement Program (AQIP). Reaffirmation of accreditation involves a focused visit from an accreditation team, the completion of an institutional Systems Portfolio and several action projects, and several other compliance reports and activities. The District's next reaffirmation of accreditation will be during the 2014-15 academic year.

Independent audit. State statutes require an annual audit by independent certified public accountants. The accounting firm of McGladrey & Pullen, LLP was selected by the District's Board of Trustees. The auditor's report on the financial statements and schedules is unqualified and is included in the financial section of this report.

Acknowledgments. We wish to thank the members of the Board of Trustees for their interest and support in conducting the financial operations of the District to the degree of excellence necessary for continuance of operation of the District in a responsible manner.

The timely preparation of the comprehensive annual financial report was made possible by the continued dedicated service of Joliet Junior College's Financial Services staff.

Respectively submitted,

Gena Proulx, Ph.D.

Independent Auditor's Report

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2010, as listed in the table of contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Joliet Junior College Foundation and subsidiaries (Foundation), the discretely presented component unit. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Foundation, a discretely presented component unit of the District, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Joliet Junior College-Community College District No. 525, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2010, on our consideration of the Joliet Junior College – Community College District No. 525's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the basic financial statements taken as a whole. The combining and individual account financial statements and other schedules, listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The "Letter of Transmittal" and "Statistical Section" listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

COMMUNITY COLLEGE DISTRICT NO. 525**

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Joliet Junior College Community College District No. 525's annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2010. Please read it in conjunction with the transmittal letter found in the introductory section and the District's financial statements.

The management's discussion and analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued June 1999 and Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, issued in November 1999.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of two parts: management's discussion and analysis (this section) and the basic financial statements.

The basic financial statements also include notes that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

*Figure A-1
Organization of Joliet Junior College - Community College District No. 525 Annual Financial Report*

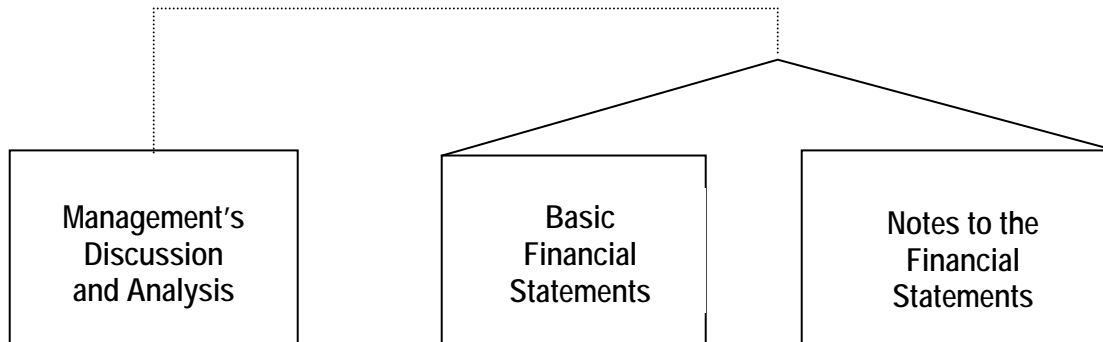

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

*Figure A-2
Major Features of the District Financial Statements*

Scope	Entire District (except fiduciary funds)
Required financial statements	<ul style="list-style-type: none"> • Statement of net assets • Statement of revenues, expenses and changes in net assets • Statement of cash flows
Accounting basis and measurement focus	Accrual accounting and economic resources focus.
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term.
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid.

**JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525**

MANAGEMENT'S DISCUSSION AND ANALYSIS

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, additional non-financial factors such as changes in the District's property tax base and the condition of college buildings and other facilities are considered.

FINANCIAL HIGHLIGHTS

The financial highlights of the District are as follows:

- The District's financial status continues to be strong despite economic conditions. Net assets increased 9.1% over the course of the year. New construction in the District has increased the EAV by .4% and property tax revenue by 14.0% in fiscal 2010. 12.4% of the property tax revenue increase was due to the successful building bond referendum.
- Overall revenues were \$136.7 million, \$7.1 million more than expenses.
- Total costs increased by approximately 22.5% because of budgeted increases in personnel line items, benefit costs, interest expense attributed to the \$89 million bond issue in 2009 and the \$70 million bond issue in 2008, student financial aid passed through the District and the on-behalf pension contribution from the state of Illinois.
- \$89 million in general obligation bonds were issued to fund projects that support the creation of new jobs in high growth industries in the District.
- Enrollment and tuition revenue increased by 18.9%.

**JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525**

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net assets: Changes in net assets over time serve as a useful indicator of a government's financial position. The District's *combined net assets* increased 8.6% percent to \$85.2 million during fiscal 2010. (See Figure A-3). Invested in capital assets, net of related debt totaled \$35.5 million. This reflects the District's investment in capital assets (land, buildings, furniture and equipment), less related debt outstanding that was issued to acquire those items and any unspent proceeds. The District uses these capital assets to provide services to residents of the District; consequently, these assets are not available for future spending. Restricted assets represent resources that are subject to restriction on how they may be spent. Restricted assets totaled \$14.1 million and are committed for debt service, capital projects and specific instructional programs. The remaining balance of \$35.6 million represents unrestricted net assets and is available for spending at the District's discretion.

**Figure A-3
Condensed Statement of Net Assets (in millions of dollars)**

	2010	2009	Increase (Decrease)	Percent Change
Current assets	\$ 214.5	\$ 135.0	\$ 79.5	58.9%
Noncurrent assets	69.9	47.6	22.3	46.8%
Total assets	284.4	182.6	101.8	55.8%
Current liabilities	32.7	26.6	6.1	22.9%
Long-term liabilities	166.5	77.9	88.6	113.7%
Total liabilities	199.2	104.5	94.7	90.6%
Net assets				
Invested in capital assets, net of related debt	35.5	34.8	0.7	2.0%
Restricted	14.1	11.1	3.0	27.0%
Unrestricted	35.6	32.2	3.4	10.6%
Total net assets	\$ 85.2	\$ 78.1	\$ 7.1	9.1%

The District's financial position increase is the product of three main factors: growth during the year in equalized assessed valuation, increased enrollment, and keeping expenses under budget.

Changes in net assets: The District's total revenues were \$136.7 million. (See Figure A-4.) Real estate taxes accounted for the largest share of the District's revenue, contributing approximately 33% of every dollar raised, (See Figure A-5.) 24% coming from tuition and fees, 32% coming from state and federal sources and the remainder from sales and service fees and miscellaneous sources.

**JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525**

MANAGEMENT'S DISCUSSION AND ANALYSIS

The total cost of all programs and services was \$129.6 million. The District's program-related expenses are predominantly instructional cost, academic support, student services, and public services which were \$71.8 million or 55% of total expenses. Operation and maintenance of the District's facility were \$13.1 million or 10% of total expenditures. Independent operations represent auxiliary operations, such as the bookstore and foodservice, which were \$9.3 million or 7% of total expenses, which by their nature are to be self-supporting. The District's administrative/business activities, including institutional support, accounted for \$23.3 million or 18% of total expenses.

**Figure A-4
Changes in Net Assets from Operating Results (in millions of dollars)**

	2010	2009	Increase (Decrease)	Percent Change
Revenues				
Operating revenues:

End of year	\$ 85.2	\$ 78.1		

JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525

MANAGEMENT'S DISCUSSION AND ANALYSIS

Figure A-5 Revenue for Fiscal Year 2010

Operating revenues, which consist of tuition, sales and service fees, and miscellaneous charges to students, increased \$5.9 million or 15.9%. Tuition and fee revenue increased \$5.2 million from larger enrollment and an increase in the tuition, capital assessment fee and student service fee rates charged to students. Sales and service fees increased because of higher sales at the District's bookstore and food service operations due to increased enrollment. Non-operating revenues, which consist of property taxes, state and federal sources, and other miscellaneous revenues increased \$18.8 million or 25.1%. Property tax revenues increased 14.0% because of the successful building bond referendum and the District's equalized assessed valuation increasing .4%. The District's boundaries are predominantly in Will County, which is one of the fastest growing counties in the state of Illinois. State and federal sources of revenue increased \$12.9 million or 41.7% due primarily to a \$6.2 million increase in student financial aid from the Department of Education and a \$3.5 million increase in the pension contribution the state of Illinois makes on-behalf of the District. In addition, the District received \$1.7 from the U.S. Treasury Department related to an \$89 million bond that was issued under the Build America Bond program and there was a \$1.1 million increase in the Workforce Investment grants from the U.S. Department of Labor. Other revenues, which are comprised of investment earnings, corporate personal property taxes and capital contributions increased by \$.3 million or 7.5%. An increase in investment earnings from the bond proceeds offset a decrease in the effective interest rate earned.

JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525
MANAGEMENT'S DISCUSSION AND ANALYSIS

Figure A-6 Expenses for Fiscal Year 2010

Instruction expenses increased 7.8% from an increase in the number of full-time faculty and enrollment growth which increased the number of overload and adjunct pay contracts and budgeted increases in salary and benefit expenses. Academic support expenses increased 3.3% due to budgeted salary and benefit expenses. Student services increased 38.4% as a result of the student financial aid passed through the District to the students along with budgeted salary and benefit increases. Operations and maintenance of plant increased 22.4% because of budgeted repair and maintenance projects that did not meet the District's capitalization policy. Independent operations increased 8.1% and correspond with the increase in sales and service fees revenue. General administration increased 2.4% due to budgeted salary and benefit increases. Institutional support increased 25.8% as a result of an increase in the pension contribution the state of Illinois makes on-behalf of the District. Depreciation increased 15.4% due to an increase of depreciable assets. Interest expense increased because the District issued \$89 million and \$70 million in general obligation bonds during 2010 and 2009, respectively.

**JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525**

MANAGEMENT'S DISCUSSION AND ANALYSIS

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: By the end of 2010, the District has invested \$68.2 million in a broad range of capital assets, including three campuses and three centers, computer and audio-visual equipment, and furniture and equipment. (See Figure A-7.) (More detailed information about capital assets can be found in Note 3 to the financial statements.) Total depreciation expense for the year was \$2.9 million, while building improvements and additions to equipment and furniture amounted to \$24.0 million.

**Figure A-7
Capital Assets (net of depreciation, in millions of dollars)**

	2010	2009	Increase (Decrease)	Percent Change
Land	\$ 3.3	\$ 3.3	-	0.0%
Land improvements	9.0	6.5	2.5	38.5%
Buildings and improvements	55.0	50.0	5.0	10.0%
Furniture and equipment	13.0	11.5	1.5	13.0%
Construction in process	18.7	4.1	14.6	-
	99.0	75.4	23.6	31.3%
Less accumulated depreciation	(30.8)	(28.2)	(2.6)	-9.2%
Capital assets, net	\$ 68.2	\$ 47.2	\$ 21.0	44.5%

In fiscal 2010, to fund a portion of the District's \$208 million master plan, \$89 million in general obligation bonds were issued. The projects include a new health professions building, eight new science labs and renovation of existing labs, new modern teaching space at the City Center Campus for culinary arts/hospitality and expansion of the automotive lab. Since the citizens of the District approved this building bond referendum in November 2008, a property tax levy will fund the debt service on these bonds

Long-Term Debt: At year-end, the District had \$169.0 million in general obligation bonds and other long-term debt outstanding – as shown in Figure A-8. (More detailed information about the District's long-term liabilities is presented in Note 5 to the financial statements.)

**Figure A-8
Outstanding Long-Term Debt (in millions of dollars)**

	2010	2009	Increase/ (Decrease)	Percent Change
General obligation bonds & note (financed with tuition and fees)	\$ 167.6	\$ 79.4	\$ 88.2	111.1%
Other long-term debt	1.4	1.4	-	0.0%
Total debt	\$ 169.0	\$ 80.8	\$ 88.2	109.2%

Debt service requirements over the next five years average \$12.8 million per year.

**JOLIET JUNIOR COLLEGE -
COMMUNITY COLLEGE DISTRICT NO. 525**

MANAGEMENT'S DISCUSSION AND ANALYSIS

FACTORS BEARING ON THE DISTRICT'S FUTURE

The District's management believes it will continue its strong financial position into the future. Standard & Poor's upgraded the District's credit rating to AA from AA- in 2008 and affirmed the rating in 2009. Compensation and benefits comprise the largest portion of the District's expenses. There are seven bargaining units representing employees of the District, which expire at various times through fiscal year 2012. As long as property tax and tuition revenue increases stay in line with salary increases and there is not a large reduction in state funding, the District projects balanced budgets for the foreseeable future.

COMPONENT UNITS

The District has two component units. The Joliet Junior College Assistance Corporation is a blended component unit of the District because its sole function was to issue tax-exempt bonds for the construction of the Romeoville Campus facility. Complete financial statements can be obtained from the Office of the Vice President of Administrative Services, 1215 Houbolt Road, Joliet, Illinois 60431. The District's second component unit is the Joliet Junior College Foundation and Subsidiary, which is a discretely presented component unit because its resources directly benefit the District and its students even though it has a board of directors that are independent of the District. Complete financial statements can be obtained from the Joliet Junior College Foundation, 1215 Houbolt Road, Joliet, Illinois 60431.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Office of the Vice President of Administrative Services, 1215 Houbolt Road, Joliet, Illinois 60431.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 1. Reporting Entity and Summary of Significant Accounting Policies

Joliet Junior College (the District) is subject to the authority of the Illinois Community College Board under the Illinois Board of Higher Education. Initially created in 1901, Joliet Junior College is the nation's oldest post-graduate high school program. In 1967, the voters of 12 high school districts in Will, Grundy, Kendall, and portions of LaSalle and Kankakee counties approved the establishment of Community College District No. 525, the nation's first public community college. Joliet Junior College is governed by a seven member Board of Trustees who are elected to six-year staggered terms through district-wide voting. The Board has three officers (chairman, vice chairman, and secretary) elected on an annual basis.

FINANCIAL REPORTING ENTITY

Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. These financial statements present Joliet Junior College (the primary government) and its component units. The component units discussed below are included in the District's reporting entity because of their operational significance or financial relationships with the District based on criteria provided in Government Accounting Standards Board Statements No. 14 and 39.

BLENDED COMPONENT UNIT

The Joliet Junior College Assistance Corporation (JJCAC), which is a separate not-for-profit entity, has been included in the basic financial statements since JJCAC's sole function is to issue tax-exempt bonds for the construction of the Romeoville campus facility. Complete financial statements of JJCAC can be obtained from:

Joliet Junior College Assistance Corporation
c/o Vice President of Administrative Services
1215 Houbolt Road
Joliet, Illinois 60431

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 1. Reporting Entity and Summary of Significant Accounting Policies (continued)

DISCRETELY PRESENTED COMPONENT UNIT

The Joliet Junior College Foundation and Subsidiary (Foundation), which is a separate not-for-profit entity, is a discretely presented component unit of the District. The Foundation is governed by a board of directors that is independent of the District; however, the Foundation's resources directly benefit the District and its students. The District is also entitled to the resources of the Foundation. The Foundation is the sole member of a limited liability company that benefits the College. Foundation Housing, LLC has been consolidated in the Foundation's financial statements. Foundation Housing was created specifically for the purpose of owning and managing a 284-bed student housing facility adjacent to the campus of Joliet Junior College. Complete financial statements of the Foundation can be obtained from:

Joliet Junior College Foundation
c/o Executive Director
1215 Houbolt Road
Joliet, Illinois 60431

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION

The District is a special-purpose government engaged only in business-type activities. Therefore, the District's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CASH AND CASH EQUIVALENTS

For purposes of reporting cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

INVESTMENTS

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

Note 1. Reporting Entity and Summary of Significant Accounting Policies (continued)

RECEIVABLES

All receivables are expected to be received within one year.

INVENTORIES

Inventories are valued at the lower of cost or market, on a first-in, first-out basis. Inventories consist primarily of supplies and items held for resale by the bookstore. The cost is recorded as an expense at the time individual inventory items are utilized or sold.

PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are accounted for under the purchases method.

CAPITAL ASSETS

Capital assets include buildings, property, equipment and infrastructure assets, such as roads. Capital assets are defined by the District as assets with an initial unit cost of \$2,500 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Interest incurred during the construction of capital assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period. Straight-line depreciation is used based on the following estimated useful lives:

Buildings and improvements	20 – 50 years
Furniture and equipment	5 – 10 years
Improvements other than buildings	20 years

COMPENSATED ABSENCES

Vacation leave can be accumulated up to 240 hours. Sick leave does not vest and is accumulated at a rate of twenty (20) days per year, with a maximum of 420 days. All vacation leave which is earned during the year is therefore reported as an expense and as a liability.

UNEARNED REVENUE

Deferred tuition revenue represents that portion of tuition and other fees received before June 30, 2010, but applicable to sessions occurring after June 30, 2010. Deferred government claims and grants represent monies received before all eligibility requirements imposed by the provider have been met.

Note 1. Reporting Entity and Summary of Significant Accounting Policies (continued)

PROPERTY TAXES

Property taxes are levied each year on the basis of the equalized assessed property values in the District as of January 1 of that year. Assessed values are established by each of the respective counties. Property taxes are billed and collected by the various counties included within the District's boundaries. These taxes are assessed in December and become an enforceable lien on the property as of the preceding January 1. A reduction for collection losses, based on historical collection experience, has been provided to reduce the taxes receivable to the estimated amount to be collected.

Property taxes are recognized as revenue on the accrual basis of accounting. The property tax levy passed in December 2009 was recognized as a receivable and revenue for the year ended June 30, 2010.

ENTERPRISE ACTIVITY ACCOUNTING AND FINANCIAL REPORTING

In accounting for and reporting on its business-type (enterprise) activities, the District has elected to apply all applicable Governmental Accounting Standards Board (GASB) pronouncements and has elected not to follow Financial Accounting Standards Board pronouncements issued after November 30, 1989.

NET ASSETS

Net assets are classified as follows:

Invested in Capital Assets, Net of Related Debt

Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets, less any unspent debt proceeds.

Restricted Net Assets

Consists of net assets with constraints placed on their use either by 1) external groups such as creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

When both restricted and unrestricted resources are available for use, the District uses restricted resources first and then unrestricted resources as they are needed.

Note 1. Reporting Entity and Summary of Significant Accounting Policies (continued)

CLASSIFICATION OF REVENUES AND EXPENSES

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees and (2) sales and service fees. Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as local property taxes, state appropriations, most federal, state and local grants and interest.

Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition are reported as nonoperating expenses.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

COMPARATIVE DATA

Comparative data has not been presented in the statements since their inclusion would make the statements unduly complex and difficult to read.

Note 2. Cash and Investments

The District has adopted an investment policy that follows the state statute for allowable investments. That policy limits investments to securities issued to the United States of America and its agencies, interest bearing accounts of any bank as defined by the Illinois Banking Act, collateralized repurchase agreements which conform with paragraph 2(g) and 2(h) of the Public Funds Investment Act of the State of Illinois and the following investment pools: Illinois School District Liquid Asset Fund, Illinois Funds and Illinois Institutional Investors Trust Fund. Investment products that are considered as derivatives are excluded from approved investments.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 2. Cash and Investments (continued)

Cash, cash equivalents and investments as shown on the District's Statement of Net Assets are as follows:

	Fair Value	Investment Maturities (in Years)	
		Less Than 1	1-5
Cash			
Non-interest bearing demand deposits and cash on hand	\$ 47,325	\$ 47,325	\$ -
Interest bearing demand deposits	27,023,100	27,023,100	-
Illinois School District Liquid Asset Fund	2,117,871	2,117,871	-
Illinois Funds	10,971	10,971	-
Total Cash and Cash Equivalents	<u>29,199,267</u>	<u>29,199,267</u>	<u>-</u>
Long-Term Investments			
Certificates of deposit	127,862,435	60,173,684	67,688,751
Federal Home Loan Mortgage Corporation	3,444,300	3,444,300	-
Federal Home Loan Bank	5,381,978	1,833,765	3,548,213
Federal Farm Credit Bank	4,732,512	1,210,825	3,521,687
Total Investments	<u>141,421,225</u>	<u>66,662,574</u>	<u>74,758,651</u>
Total Cash and Investments	<u>\$ 170,620,492</u>	<u>\$ 95,861,841</u>	<u>\$ 74,758,651</u>

The Illinois Funds and Illinois School District Liquid Asset Funds are shown as maturing in less than one year because the weighted average maturities of the pool's investments are less than one year.

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for interest bearing accounts and \$250,000 for noninterest bearing accounts. All deposits in excess of \$250,000 were covered by collateral held by the District's agent in the District's name.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, which is the price the investment could be sold for.

Illinois School District Liquid Asset Fund Plus is a not-for-profit investment trust fund formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. Illinois School District Liquid Asset Fund Plus is not registered with the SEC as an investment company. Investments in Illinois School District Liquid Asset Fund Plus are valued at Illinois School District Liquid Asset Fund Plus' share price, which is the price the investment could be sold for.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 2. Cash and Investments (continued)

Custodial credit risk: This is the risk that in the event of a financial institution failure, the District's deposits may not be returned to it. The District's policy for investments and deposits requires collateralization on all investments except U.S. Government securities, the approved investment pools and time deposits at in-district financial institutions that are no more than 50% of the capital stock and surplus of that institution. The Federal Home Loan Mortgage Corporation, Federal Home Loan Bank, and the Federal Farm Credit Bank securities are insured or registered or are held by the District or its agent in the District's name. All collateral exposed to custodial risk is held by the District's agent in the District's name.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's policy on investments is to structure the portfolio in a manner as to provide sufficient liquidity to pay obligations as they come due.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The District's investment policy minimizes credit risk by limiting investments to the safest type of securities and diversifying the investment portfolio.

As of June 30, 2010, the District's investments were rated as follows:

Investment Type	Type	Standard & Poor's
Illinois Funds	Investment Pool	AAAm
Illinois School District Liquid Asset Fund	Investment Pool	AAAm
Federal Home Loan Mortgage Corporation	Government Agency Securities	AAA
Federal Home Loan Bank	Government Agency Securities	AAA
Federal Farm Credit Bank	Government Agency Securities	AAA

Capital Assets, Net	<u>\$ 47,197,097</u>	<u>\$ 25,430,874</u>	<u>\$ 4,443,051</u>	<u>\$ 68,184,920</u>

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 4. Related Party Transactions

The District entered into an agreement with Foundation Housing, LLC, a subsidiary of the Foundation whereby the District sold 15.048 acres of land to construct the student housing facility. As consideration for the land, Foundation Housing, LLC has agreed to pay the District \$1,075,932 and interest at 6% per annum. As of June 30, 2010, the balance owed to the District is \$1,140,488 including capitalized interest of \$64,556. The principal and interest shall be payable solely from net cash flows, if any, that exceed 120% of the debt service for the preceding year. The payments are to be made in 30 annual installments of \$78,165 beginning on October 1, 2003. Net cash flow is defined as the excess, if any, of gross revenues less annual expenses. Because the payments are to be made solely from excess cash flow, the District has set up an allowance in the amount of \$1,104,988 which represents the amount in excess of the \$35,500 cost of the land. However, Foundation Housing, LLC has recorded a long-term payable to the District of \$1,140,488, which has annual debt service requirements as follows:

Year Ended June 30,

2011	\$	176,432
2012		16,448
2013		17,435
2014		18,481
2015 to 2019		110,431
2020 to 2024		147,782
2025 to 2029		197,765
2030 to 2033		<u>455,714</u>
Total	\$	<u><u>1,140,488</u></u>

Joliet Junior College -

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 5. Long-Term Obligations (continued)

The outstanding debt consists of:

A lease revenue bond issue dated March 1, 1992, provides for the retirement of the principal of \$415,000 in 2011, \$445,000 in 2012, and \$900,000 in 2013. Interest is payable on March 1 and September 1 at 6.3% to 6.7%. The District has pledged revenues of the operations and maintenance account for the repayment of these bonds. The original amount of the bond was \$6,030,000.	\$ 1,760,000
A general obligation debt certificate issue dated April 20, 2001, for the purchase and construction of parking lots at the City Center Campus. The note provides for the retirement of principal of \$217,055 in 2011. Interest is payable annually on April 20 at 4.5%. The original amount of the note was \$1,198,544.	217,055
A general obligation debt certificate issue dated September 1, 2003, for capital repairs to the District. The note provides for the retirement of principal of \$1,000,000 in 2011, \$1,035,000 in 2012, \$1,080,000 in 2013, and \$1,125,000 in 2014. Interest is payable on January 1 and July 1 at 2.0% to 4.0%. The original amount of the note was \$9,700,000.	4,240,000
A general obligation bond (alternate revenue source) issue dated November 12, 2008, for the support of the Master Plan, provides for the retirement of principal of \$55,000 in 2012, \$970,000 in 2014, \$2,375,000 in 2015, \$2,645,000 in 2016, \$2,790,000 in 2017, \$2,940,000 in 2018, \$3,105,000 in 2019, \$4,210,000 in 2020, \$4,470,000 in 2021, \$4,750,000 in 2022, \$5,045,000 in 2023, \$6,335,000 in 2024, \$6,735,000 in 2025, \$7,610,000 in 2026, \$7,760,000 in 2027, and \$8,205,000 in 2028. Interest is payable on December 1 and June 1 at 4.25% to 6.25%. The District has pledged the capital assessment fee for the repayment of these bonds. These bonds received an "AA" rating from Standard & Poor's.	70,000,000
A general obligation bond issue dated July 21, 2009, for the support of the Master Plan, provides for the retirement of principal of \$1,340,000 in 2012, \$1,600,000 in 2013, \$1,880,000 in 2014, and \$2,180,000 in 2015. Commencing in 2011, interest is payable on January 1 and June 30 at 2.80% to 4.20%. These bonds received an "AA" rating from Standard & Poor's.	7,000,000
A general obligation bond issue dated July 31, 2009, for the support of the Master Plan, provides for the retirement of principal of \$2,495,000 in 2016, \$2,845,000 in 2017, \$3,225,000 in 2018, and \$3,650,000 in 2019, \$4,110,000 in 2020, \$4,610,000 in 2021, \$5,155,000 in 2022, \$5,745,000 in 2023, \$6,395,000 in 2024, \$7,095,000 in 2025, \$7,860,000 in 2026, \$8,685,000 in 2027, \$9,575,000 in 2028, and \$10,555,000 in 2029. Commencing in 2011, interest is payable on January 1 and June 30 at 4.30% to 7.0%. These bonds received an "AA" rating from Standard & Poor's.	82,000,000
Issuance premium	2,351,829
Compensated absences	978,866
Early retirement benefits	420,312
Total Long-Term Obligations	<u>168,968,062</u>
Less: Current portion	<u>(2,515,440)</u>
Total	<u>\$ 166,452,622</u>

Note 5. Long-Term Obligations (continued)

The summary of the future debt service requirements to amortize the outstanding long-term debt of \$165,217,055, excluding deferred issuance premium of \$2,351,829, compensated absences of \$978,866 and early retirement benefits of \$420,312, as of June 30, 2010 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2011	\$ 1,632,055	\$ 9,725,221	\$ 11,357,276
2012	2,875,000	9,627,880	12,502,880
2013	3,580,000	9,495,525	13,075,525
2014	3,975,000	9,361,185	13,336,185
2015	4,555,000	9,183,290	13,738,290
2016	5,140,000	8,959,181	14,099,181
2017	5,635,000	8,694,628	14,329,628
2018	6,165,000	8,398,343	14,563,343
2019	6,755,000	8,067,993	14,822,993
2020	8,320,000	7,672,737	15,992,737
2021	9,080,000	7,172,895	16,252,895
2022	9,905,000	6,614,673	16,519,673
2023	10,790,000	5,990,502	16,780,502
2024	12,730,000	5,323,751	18,053,751
2025	13,830,000	4,495,782	18,325,782
2026	15,470,000	3,616,588	19,086,588
2027	16,445,000	2,622,378	19,067,378
2028	17,780,000	1,545,763	19,325,763
2029	10,555,000	369,425	10,924,425
Totals	<u>\$ 165,217,055</u>	<u>\$ 126,937,740</u>	<u>\$ 292,154,795</u>

A computation of the legal debt margin of the District as of June 30, 2010, is as follows:

Assessed valuation - 2009 tax levy	<u>\$ 21,286,896,423</u>
Debt limit - 2.875% of assessed valuation	\$ 611,998,272
Less applicable debt:	
General obligation debt certificates, Series 2001	(217,055)
General obligation debt certificates, Series 2003	(4,240,000)
General obligation bonds, Series 2009A	(7,000,000)
General obligation bonds, Series 2009B	<u>(82,000,000)</u>
Legal Debt Margin	<u>\$ 518,541,217</u>

Note 5. Long-Term Obligations (continued)

EARLY RETIREMENT BENEFITS

As provided for in the faculty union agreement, a faculty member is permitted to participate in the "Early Retirement Plan" if they retire prior to reaching the age of 65. To qualify, the faculty must be eligible to retire under the State Universities Retirement System (SURS) and shall have at least fifteen years of full-time service at Joliet Junior College. The College funds this plan on a pay-as-you-go basis. The number of persons currently receiving benefits is 21. For the year ended June 30, 2010, the District's cost under this plan was \$50,000, with the total amount under these agreements due as follows:

<u>Year Ending</u>	<u>Amount</u>
2011	\$ 100,622
2012	102,574
2013	46,420
2014	45,668
2015	69,356
2016	20,904
2017	22,577
2018	12,191
Total	<u>\$ 420,312</u>

PLEGGED REVENUES

Information related to pledged revenue on the District's debt is as follows:

<u>Date of Debt Issue</u>	<u>Pledged Revenue Source</u>	<u>Pledged Revenue</u>	<u>Principal and Interest Retired</u>	<u>Pledge Remaining</u>	<u>Commitment End Date</u>	<u>Principal and Interest as a Percentage of Pledged Revenue</u>
March 1, 1992	Operations and Maintenance account revenues	\$ 12,800,799	\$ 520,985	\$ 1,969,375	9/1/2012	4%
June 15, 1998	Operating revenues	74,641,792	459,800	-	1/1/2010	1%
November 12, 2008	Capital assessment fee	4,790,675	4,100,863	123,287,830	6/1/2028	86%

Note 6. Lease Commitments

COMPUTER EQUIPMENT LEASE

The District leases certain copier equipment under an operating lease that expires December 31, 2011. The lease requires minimum monthly payments of \$5,340.

Rent charges on the copier equipment lease were \$111,161 for the year ended June 30, 2010.

Note 7. Retirement Commitments – State Universities Retirement System

PLAN DESCRIPTION

The District contributes to the State Universities Retirement System of Illinois (SURS), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to SURS, 1901 Fox Drive, Champaign, IL 61820 or by calling 1.800.275.7877.

FUNDING POLICY

Plan members are required to contribute 8.0% of their annual covered salary and substantially all employer contributions are made by the State of Illinois on behalf of the individual employers at an actuarially determined rate. The rate for June 30, 2010, 2009 and 2008 was 21.27%, 18.61% and 10.61%, respectively, of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly. The employer contributions to SURS for the years ending June 30, 2010, 2009 and 2008, were \$8,628,375, \$5,162,927 and \$3,704,555, respectively, equal to the required contributions for each year.

On-behalf contributions by the State of Illinois for the years ended June 30, 2010, 2009 and 2008 were \$8,511,149, \$5,050,376 and \$3,599,463, respectively. The District has recognized these contributions as revenues and expenses.

Note 8. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is self-insured for employee health insurance and workers' compensation.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 8. Risk Management (continued)

All known claims and estimated claims incurred but not reported, which are based on historical cost information, have been accrued as a current liability as they are expected to be paid within one year. The District has also purchased stop/loss coverage. An analysis of claims activities consists of the following:

	2009	2009
Balance, July 1	\$ 1,352,713	\$ 945,026
Claims incurred	7,725,930	7,396,214
Claims paid	<u>(7,670,989)</u>	<u>(6,988,527)</u>
Balance, June 30	<u>\$ 1,407,654</u>	<u>\$ 1,352,713</u>

Stop loss coverage limits for the year ended June 30, 2010, were as follows:

<u>Type</u>	<u>Stop Loss Coverage Limits</u>	
	<u>Per Occurrence</u>	<u>Aggregate</u>
Workers' compensation	\$ 325,000	\$ 1,000,000
Medical	150,000	6,642,083

The District has purchased commercial insurance to cover its general liability and property coverages. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. No significant reductions in coverage occurred in the past year.

Note 9. Contingent Liabilities and Commitments

At June 30, 2010, the District is committed under construction contracts of approximately \$35,477,000.

The District is a defendant in various lawsuits. Although the outcome of these proceedings is not presently determinable, in the opinion of the District's management through consultation of legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

The District has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenses disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

Note 10. Subsequent Event

Subsequent to June 30, 2010, the District purchased a piece of property in downtown Joliet for approximately \$480,000.

Note 11. Component Unit

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation: The consolidated financial statements include the Foundation's wholly owned subsidiary, Foundation Housing, LLC, a limited liability company. All significant intercompany transactions have been eliminated.

Fund Accounting: To ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, the accounts of the Foundation are maintained in accordance with principles of "fund accounting." This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, the funds are combined and fund balances with similar characteristics are combined and reported.

The financial statements follow the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS No. 117, the Foundation reports its fund balances as net assets. Net assets are classified into one of three classes of net assets based on the existence or absence of donor-imposed restrictions. The following is a description of each class:

Unrestricted: Unrestricted net assets include all net assets, which are neither temporarily or permanently restricted.

Temporarily Restricted: Temporarily restricted net assets include contributed net assets for which donor imposed time and purpose restrictions have not been met and the ultimate purpose of the contribution is not permanently restricted.

Permanently Restricted: Permanently restricted net assets include contributed net assets, which require by donor restriction that the corpus be invested in perpetuity and only the income be made available for program operations in accordance with donor restrictions.

Cash and Cash Equivalents: Cash and cash equivalents include checking accounts, savings accounts, and repurchase agreements with maturity dates of 90 days or less.

Concentration of Credit Risk: The Foundation and Foundation Housing maintain cash balances in banks located in Joliet, Illinois. The balances for these accounts at times exceed \$250,000, the amount insured by the Federal Deposit Insurance Corporation (FDIC).

The Foundation and Foundation Housing have repurchase agreements with a bank. The fair market values of the pledged securities exceed the balances in the accounts at June 30, 2010.

Investments: Investments are composed of publicly traded securities, which are carried at fair value and certificates of deposits, which are carried at cost, but which approximates fair value.

Notes to Financial Statements
June 30, 2010

Note 11. Component Unit (continued)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Donated Property: Donated property is recorded at its fair value at the date of donation. If donors stipulate how long the assets must be used or held, the contributions are recorded as restricted support. In absence of such stipulations, contributions of property are recorded as unrestricted support.

Accounting Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Advertising: Advertising costs are expensed as incurred and included in operating costs. Advertising expense amounted to \$10,577 for the year ended June 30, 2010.

Endowment: The Foundation's endowment consists of many funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence of absence of donor-imposed restrictions.

The Board of Directors of the Foundation has interpreted state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the directions of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the purposes of the Foundation and the donor-restricted endowment fund.

The Foundation has authorized that the amount to be allocated to operations from the endowment fund be determined by applying a spending rate determined annually based on investment income. For fiscal 2010, this rate was 4%.

Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 11. Component Unit (continued)

INVESTMENTS

Investments consist of the following as of June 30, 2010:

	Cost	Market
Money market funds	\$ 951,058	\$ 951,058
Certificate of deposits	300,025	300,025
U.S. Treasury and governmental agency obligations	675,321	716,201
Corporate and other obligations	3,188,885	3,368,203
Common stock and equity funds	8,112,890	8,051,734
	<u>13,228,179</u>	<u>13,387,221</u>
Total Investments	<u>\$ 13,228,179</u>	<u>\$ 13,387,221</u>

For the year ended June 30, 2010, the Foundation's investments incurred an unrealized gain of \$1,208,149 and a realized loss of \$162,104.

OTHER RECEIVABLES

Other receivables are comprised of the following amounts at June 30, 2010:

Interest and dividends receivable on the Foundation's investments.	\$ 31,899
Residential rentals due Foundation Housing. At June 30, 2010, total rent receivables are \$380,043; this amount is reduced by an allowance for uncollectible rents of \$368,917.	11,126
Deposit on utility accounts due Foundation Housing.	3,740
Pledges receivable	<u>3,379</u>
Total Other Receivables	<u>\$ 50,144</u>

The allowance for uncollectible rents was established by management of Foundation Housing and it represents rents which are thirty days or more past due. Balances that are outstanding after management has used reasonable collection efforts are written off through a charge to the allowance for uncollectible rents, and the amount is removed from rent receivable.

Foundation Housing had gross rental revenue of \$1,030,070 for the year ended June 30, 2010. This amount was reduced by \$22,159 in uncollectible rents to reflect net rental revenue of \$1,007,911.

Total Accumulated Depreciation	<u>2,882,882</u>	<u>381,955</u>	<u>-</u>	<u>3,264,837</u>
Net Property and Equipment	<u>\$ 9,924,767</u>	<u>\$ (354,255)</u>	<u>\$ -</u>	<u>\$ 9,570,512</u>

DEBT

2002 Series Revenue Bonds: In May 2002, \$14,455,000 of Revenue Bonds were issued by the County of Will, Illinois and the proceeds loaned to Foundation Housing to provide permanent financing for the student housing facility. The bond offering consisted of \$13,985,000 Student Housing Revenue Bonds Series 2002A and \$470,000 Student Housing Revenue Bonds Taxable Series 2002B. The bonds were issued at a discount of \$401,906. The interest rate on the bonds varies from 6.375% to 7.75%. The bonds are secured by the student housing land and buildings and are payable from the revenues generated by the facility.

In 2003 and 2004 Foundation Housing used debt service reserves to meet debt service requirements. On March 1, 2005, as a result of certain actions of Bondholders and a firm representing the Bondholders, the Trustee for the 2002 Series Revenue Bonds did not make the March 1, 2005 interest payments, which resulted in an Event of Default. On June 15, 2005, Foundation Housing entered into a Forbearance Agreement with the Bondholders of the 2002 Series Revenue Bonds.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 11. Component Unit (continued)

DEBT (continued)

Under the Forbearance Agreement, the Trustee would not exercise any remedies available under the Bond Document as a result of any past or future defaults. Payments due on September 1, 2005, March 1, 2006, September 1, 2006, March 1, 2007, September 1, 2007, March 1, 2008, September 1, 2008, March 1, 2009, September 1, 2009 and March 1, 2010 were not made as scheduled. Partial payments of interest have been made as follows:

Date	Schedule Debt Service			Actual Interest Due and Payments		
	Principal	Interest	Interest Due	Payment Date	Amount	Unpaid Interest
9/1/05	\$ 50,000	\$ 484,750	\$ 484,750	3/1/06	\$ 194,630	\$ -
				9/1/06	120,000	
				2/15/07	170,120	
3/1/06	-	482,812	484,750	2/15/07	179,880	-
				8/23/07	217,000	
				3/3/08	87,870	
9/1/06	80,000	482,813	484,750	3/3/08	292,130	-
				3/2/09	192,620	
3/1/07	-	479,712	484,750	3/2/09	145,425	252,070
				9/1/09	87,255	
9/1/07	120,000	479,713	484,750			484,750
3/1/08	-	475,062	484,750			484,750
9/1/08	160,000	475,063	484,750			484,750
3/1/09	-	468,862	484,750			484,750
9/1/09	200,000	468,863	484,750			484,750
3/1/10	-	462,212	484,750			484,750

On June 15, 2008, the Forbearance Agreement terminated, and the 2002 Series Revenue Bonds were in an Event of Default. Under the bond trust indenture, the bonds became due immediately in the event of default. As a result, the 2002 Series Revenue Bonds with a balance payable of \$14,435,000 are classified as short-term debt.

As of June 30, 2009, total accrued interest for the 2002 Series Revenue Bonds is \$3,483,737.

Mortgage Payable: Foundation Housing entered into an agreement with the College to purchase 15.048 acres of land to construct the student housing facility. As consideration for the land, Foundation Housing has agreed to pay the College \$1,075,932 and interest at 6% per annum. At June 30, 2009, total debt of \$1,140,488 includes capitalized interest of \$64,556. The principal and interest shall be payable solely from net cash flows, if any, that exceed 120% of the debt service for the preceding year. The payments are to be made in 30 annual installments of \$78,165 beginning on October 1, 2003. Net cash flow is defined as the excess, if any, of gross revenues less annual expenses. No payments have been made as of June 30, 2010.

DEBT (continued)

Current maturities on the mortgage payable for the next five years ending June 30 and thereafter are as follows:

Year Ended June 30,	Mortgage Payable		
	Interest	Principal	Total
2011	\$ 63,526	\$ 160,915	\$ 224,441
2012	62,648	15,517	78,165
2013	61,717	16,448	78,165
2014	60,730	17,435	78,165
2015	59,684	18,481	78,165
Thereafter	866,077	911,692	1,777,769
Totals	<u>\$ 1,174,382</u>	<u>\$ 1,140,488</u>	<u>\$ 2,314,870</u>

Total accrued interest for the mortgage payable is \$513,080 at June 30, 2010.

INCOME TAXES

The Foundation is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation.

Income taxes or credits resulting from earnings or losses that are payable by the Foundation's two subsidiaries are not included in the accompanying financial statements. It is the intent of the Foundation and its wholly owned subsidiary, Foundation Housing, LLC to avoid any action that would jeopardize the tax status of the Foundation.

Note 11. Component Unit (continued)

RELATED PARTIES

The College provides personnel and general operating costs of the Foundation. The College paid \$375,924 for salary, benefits, and operating costs for the year ended June 30, 2010.

As explained in the mortgage payable note, Foundation Housing has a mortgage payable to the College with a balance of \$1,140,488 at June 30, 2010.

COMMITMENTS AND CONTINGENCIES

On June 17, 2005, Foundation Housing entered into a property management agreement with Campus Advantage, Inc. (Campus). The agreement with Campus terminates on May 31, 2010 and will automatically renew on a month-to-month basis until terminated by either party by a 30-day written notice. Termination notice was given effective June 20, 2010. Effective June 1, 2010, Foundation Housing entered into a property management agreement with UCH Illinois Group, LLC. The property management fee is \$6,000 per month through May 31, 2012.

Payment of the management fees is the responsibility of Foundation Housing and is without recourse to the Foundation.

SUBSEQUENT EVENT

On September 1, 2010, Foundation Housing made a partial interest payment of \$30,000 to the Trustee on the Student Housing Revenue Bond Series 2002A and 2002B.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 12. Pronouncements Issued But Not Yet Adopted

Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, will be effective for the District beginning with its year ending June 30, 2011. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is based to observe constraints imposed upon the use of the resources reported in the governmental funds.

GASB Statement No. 59, *Financial Instruments Omnibus*, will be effective for the District beginning with its year ending June 30, 2011. This Statement updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice.

Management has not determined what impact, if any, these GASB statements may have on its financial statements.

STATISTICAL SECTION
(UNAUDITED)

**JOLIET JUNIOR COLLEGE
COMMUNITY COLLEGE DISTRICT NO. 525
STATISTICAL SECTION
JUNE 30, 2010**

This section of the Joliet Junior College's Comprehensive Annual Financial Report presents additional historical perspective, context, and detailed information to assist the reader in using the information in the financial statements, note disclosures, and required supplementary information to understand and assess the District's overall economic condition.

Contents

Financial Trends

Tabular information is presented to demonstrate changes in the District's financial position over time.

Revenue Capacity

These tables contain information to assist the reader in understanding and assessing the District's ability to generate its most significant local revenue sources; real estate taxes and tuition and fees.

Debt Capacity

Data are shown to disclose the District's current level of outstanding debt and to indicate the District's ability to issue additional debt.

Demographic and Economic Information

These tables offer information about the socioeconomic environment within which the District operates. Data are provided to facilitate comparisons of financial statement information over time and between the District and other community college districts.

Operating Information

Non-financial information about the District's operations and resources is provided in these tables to facilitate the reader's use of the District's financial statement information to understand and assess the District's economic condition.

Sources: Unless otherwise noted, the information in these tables is derived from the District's Comprehensive Annual Financial Reports for the relevant years. The District implemented GASB Statements 34 and 35 in fiscal year 2002; the data contained in some tables may begin in that year if it is otherwise unavailable.

Independent Auditor's Report on Enrollment Data and Other Bases Upon Which Claims are Filed

To the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

We have examined the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Joliet Junior College – Community College District No. 525 for the year ended June 30, 2010. The Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed is the responsibility of the District's management. Our responsibility is to express an opinion on the schedule based upon our examination.

Our examination was made in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual*, attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to the financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and, accordingly, included such procedures as we considered necessary in the circumstances.

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed is presented in conformity with the provisions of the aforementioned guidelines.

The information has been prepared solely for the use of the District's management and its reporting to the Illinois Community College Board and is not intended to be used and should not be used by anyone other than these specified parties.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 1. Residency

A person shall be considered a resident of Joliet Junior College District 525 who has resided in Illinois Community College District 525 for at least 30 days prior to the beginning of the term.

Tuition paid by a student attending Joliet Junior College is determined by the student's legal and permanent place of residence. An in-district resident is a person whose residence is within Joliet Junior College District 525 or one whose intent is to establish permanent residence in District 525. Residence is defined as the place where the student lives and is considered the student's permanent home. The residence must be owned or occupied for a minimum of thirty days prior to the beginning of the term.

Determination of residence status is made during the processing of a student's Application for Admission and is subject to further review and/or revision by the Dean of Admissions and Financial Aid or designated staff. Factors used in residency determination may include current address, length of time at that address, high school attended, and date of graduation. The applicant is responsible for furnishing information, evidence, or documents deemed necessary to accurately determine residency within 10 business days prior to the beginning of the term.

Evidence of legal residency shall be based on ownership and/or occupancy of a home or residence in the district (shown by a deed, lease, or formal rent receipt with lessor's name indicated) and one of the following showing the same address:

1. A current Illinois driver's license or Illinois state identification card
2. A current Illinois automobile license registration
3. A current Illinois voter's registration card
4. Employment in the state of Illinois (for out-of-state residents)
5. Payment of Illinois income taxes (for out-of-state residents)
6. A document showing the student's past or existing status as a district student; e.g. a high school transcript
7. A utility bill in the name of the student
8. A proof of automobile insurance
9. A proof of homeowner's insurance
10. A current credit card billing statement
11. A current bank statement
12. A change of address form from the Post Office

Each of these proofs must show an in-district address. A post office box number for an address will not serve to prove residency. Renters must submit either a rent receipt or lease signed by the owner/manager (dated at least 30 days prior to the beginning of the term). The student must complete the *Residency Status Change Request* form and submit both proofs of residency to the Joliet Junior College Admissions Office (J-1005) within 10 business days of the beginning of the term.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 1. Residency (cont.)

Out-of-state applicants who fail to submit the required proofs by the stated deadline will be charged out-of-state tuition. Students who demonstrate to 30-day, in-state, but not in-district residency, will be charged Illinois out-of-district tuition. Should a student prove in-district residency and move from that address without providing a forwarding address, Joliet Junior College will have their address returned to the original address from the application and in-district status will be reviewed.

Employment in the District: Persons who are not residents of District 525 but who are employed full-time (35 hours per week) in the district are eligible for in-district tuition and fees. To qualify, a letter must be on file in the Admission's office each semester prior to the student's registration. This letter must be written on company stationery and must be signed by either the owner/manager or the director of human resources.

Independent Auditors' Report on Compliance with State Requirements for Workforce Development Business/Industry, Adult Education and Family Literacy Component and Career and Technical Education Grants

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

We have audited the accompanying balance sheet of the Adult Education and Family Literacy Component grant programs of Joliet Junior College - Community College District No. 525 as of June 30, 2010, and the related statements of revenues, expenditures and changes in program balances of the Workforce Development Business/Industry, Adult Education and Family Literacy Component and Career and Technical Education Grants for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements referred to above are presented only for the grant programs referred to above and are not intended to present the financial position or results of operations of Joliet Junior College – Community College District No. 525.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Workforce Development Business/Industry, Adult Education and Family Literacy Component and Career and Technical Education Grants grant programs of Joliet Junior College – Community College District No. 525 as of June 30, 2010, and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

We have also issued a report dated September 28, 2010, on our consideration of the grant programs' compliance with certain provisions of laws, regulations and grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*.

Independent Auditors' Report on Compliance Based on an Audit of Financial Statements Performed in Accordance with Auditing Standards Generally Accepted in the United States of America

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

We have audited the accompanying financial statements as of and for the year ended June 30, 2010 of the Workforce Development Business/Industry, Adult Education and Family Literacy Component and Career and Technical Education Grants of Joliet Junior College - Community College District No. 525, and have issued our report thereon dated September 28, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

As part of obtaining reasonable assurance about whether the financial statements of the Workforce Development Business/Industry, Adult Education and Family Literacy Component and Career and Technical Education grant programs of Joliet Junior College - Community College District No. 525 are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under auditing standards generally accepted in the United States of America.

This report is intended for the information of the Board of Trustees, management of Joliet Junior College - Community College District No. 525, and the Illinois Community College Board. It is not intended to be used and should not be used by anyone other than these specified parties.

Notes to Financial Statements
June 30, 2010

Note 1. Description of Programs

The following grants were received from the Illinois Community College Board (ICCB) and are administered by Joliet Junior College, Community College District No. 525 (College).

WORKFORCE DEVELOPMENT BUSINESS/INDUSTRY

This grant provides funding to be used to operate a Business Assistance Center of the economic development office. Activities include assistance in commercial and industrial expansion and/or retention and employment training services for unemployed or underemployed adults to improve their job skills and assist them in seeking employment.

ADULT EDUCATION AND FAMILY LITERACY COMPONENT

This grant is intended to assist adults to become literate, obtain the knowledge and skills necessary for employment and self-sufficiency, become full partners in the educational development of their children, and completion of secondary school education.

State Basic

Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school. This grant is for the purpose of providing adults in the community instruction as may be necessary to increase their qualifications for employment or other means of self-support and to increase their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and childcare facilities or provision.

Public Assistance

Grant awarded to Adult Education and Family Literacy providers to pay for any fees, books, and materials incurred in the program for students who are identified as recipients of public assistance.

Performance

Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

CAREER AND TECHNICAL EDUCATION

This grant funding recognizes that keeping career and technical education programs current and reflective of the highest quality practices in the workplace is necessary to prepare students to be successful in their chosen careers and to provide employers with the well-trained workforce they require. The grant funds are dedicated to enhancing instruction and academic support activities to strengthen and improve career and technical programs and services.

Joliet Junior College -
Community College District No. 525

Notes to Financial Statements
June 30, 2010

Note 2. Summary of Significant Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Illinois Community College Board (ICCB) grant programs have been prepared on the modified accrual basis of accounting and in accordance with the accounting practices prescribed or permitted by the ICCB. Amounts are recognized as revenues as funds are expended. Expenditures include all liabilities for goods and services actually received as of June 30, 2010.

ENCUMBRANCES

Funds obligated for goods prior to June 30, 2010, for which goods are received subsequent to year-end, are recorded as encumbrances. Encumbrances are reported as a reservation of fund balance for purposes of reporting since they do not constitute expenditures or liabilities.

Note 3. Balance Sheets

There are no year-end balances to report on the balance sheet for the Workforce Development Business/Industry and Career and Technical Education grant programs. Accordingly, no balance sheet is presented for these grant programs.

Independent Auditor's Report on Compliance with State Requirements for the Illinois Cooperative Work Study Program

To the Board of Trustees and
To the Illinois Board of Higher Education
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

We have audited the accompanying balance sheet of the Illinois Cooperative Work Study Program Grant of Joliet Junior College – Community College District No. 525 as of June 30, 2010, and the related statements of revenues, expenditures and changes in program balance – actual and budget for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the guidelines for the Illinois Cooperative Work Study Program Grant issued by the Illinois Board of Higher Education. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues, expenditures and changes in program balance – actual and budget was prepared for the purpose of complying with the terms of the Illinois Cooperative Work Study Program Grant.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Illinois Cooperative Work Study Program Grant of Joliet Junior College – Community College District No. 525 as of June 30, 2010, and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

We have also issued a report dated September 28, 2010, on our consideration of the grant program's compliance with certain provisions of laws, regulations and grant policy guidelines of the Illinois Board of Higher Education.

Independent Auditors' Report on Compliance Based on an Audit of Financial Statements Performed in Accordance with Auditing Standards Generally Accepted in the United States of America

To the Board of Trustees and
To the Illinois Board of Higher Education
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

We have audited the accompanying financial statements as of and for the year ended June 30, 2010 of the Illinois Cooperative Work Study Program Grant of Joliet Junior College - Community College District No. 525, and have issued our report thereon dated September 28, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

As part of obtaining reasonable assurance about whether the financial statements of the Illinois Cooperative Work Study Program Grant program of Joliet Junior College - Community College District No. 525 are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and grant policy guidelines of the Illinois Board of Higher Education, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under auditing standards generally accepted in the United States of America.

This report is intended for the information of the Board of Trustees, management of Joliet Junior College - Community College District No. 525, and the Illinois Board of Higher Education. It is not intended to be used and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

We have audited the financial statements of the governmental activities, the business-type activities and the aggregate discretely presented component unit (the Foundation), each major fund, and the aggregate remaining fund information of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2010, which collectively comprise Joliet Junior College – Community College District No. 525's basic financial statements and have issued our report thereon dated September 28, 2010. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Foundation, as described in our report on Joliet Junior College – Community College District No. 525's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Joliet Junior College – Community College District No. 525's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of control deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Joliet Junior College – Community College District No. 525's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2010-1 and 2010-2.

We also noted certain matters that we reported to management of Joliet Junior College – Community College District No. 525 in a separate letter dated September 28, 2010.

Joliet Junior College – Community College District No. 525's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Joliet Junior College – Community District No. 525's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management and the Board of Trustees, and others within the entity, and is not intended to be and should not be used by anyone other than those specified parties.

Independent Auditor's Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Members of the Board of Trustees
Joliet Junior College –
Community College District No. 525
Joliet, Illinois

Compliance

We have audited the compliance of Joliet Junior College – Community College District No. 525 with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could have a direct and material effect on each of Joliet Junior College – Community College District No. 525's federal programs for the year ended June 30, 2010. Joliet Junior College – Community College District No. 525's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Joliet Junior College – Community College District No. 525's management. Our responsibility is to express an opinion on Joliet Junior College – Community College District No. 525's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Joliet Junior College – Community College District No. 525's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Joliet Junior College – Community College District No. 525's compliance with those requirements.

As described in items 2010-1 and 2010-2 in the accompanying Schedule of Findings and Questioned Costs, Joliet Junior College – Community College District No. 525 did not comply with requirements regarding eligibility and special tests and provisions that are applicable to one of its major federal programs, the Student Financial Assistance Cluster. Compliance with such requirements is necessary, in our opinion, for Joliet Junior College – Community College District No. 525 to comply with the requirements applicable to that program.

In our opinion, except for the noncompliance described in the preceding paragraph, Joliet Junior College – Community College District No. 525 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Joliet Junior College – Community College District No. 525 is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Joliet Junior College – Community College District No. 525's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but, not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Joliet Junior College – Community College District No. 525's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control or compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2010-2 to be a significant deficiency.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the business-type activities and the discretely presented component unit of Joliet Junior College – Community College District No. 525 as of and for the year ended June 30, 2010, and have issued our report thereon dated September 28, 2010. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise Joliet Junior College – Community College District No. 525's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Joliet Junior College – Community College District No. 525's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Joliet Junior College – Community College District No. 525's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management and the Board of Trustees, others within the entity, federal awarding agencies, and pass through entities and is not intended to be and should not be used by anyone other than those specified parties.

Note to Schedule of Expenditures of Federal Awards

Note 1. Significant Accounting Policies

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Joliet Junior College – Community College District No. 525 and is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of financial statements. No funds were identified as having been provided to subrecipients by Joliet Junior College – Community College District No. 525 under the meaning of Sections 105 and 210 of OMB of Circular A-133, and accordingly, no funds identified in the Schedule of Expenditures of Federal Awards are attributable to subrecipient entities as required under Section 310(b) of OMB Circular A-133. There were no federal awards expended for non-cash assistance, insurance or loan guarantees outstanding at year-end.

Basis of accounting: The schedule has been prepared using the accrual basis of accounting which is the same basis used in preparing the basic financial statements of the District.

Joliet Junior College – Community College District No. 525

Schedule of Findings and Questioned Costs
Year Ended June 30, 2010

I. SUMMARY OF INDEPENDENT AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued: Unqualified

Internal control over financial reporting:

Material weakness(es) identified?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Significant deficiency(ies) identified that is not considered to be material weaknesses?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> None Reported
Noncompliance material to financial statements noted?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

Federal Awards

Internal control over major programs:

Material weaknesses identified?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Significant deficiency(ies) identified that is not considered to be material weakness(es)?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> None Reported

Type of auditor's report issued on compliance for major programs: Qualified

Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
--	---	-----------------------------

Major programs:

<u>CFDA Number</u>	<u>Name of Federal Program or Cluster</u>	<u>Amount Expended</u>
17.258, 17.259, 17.260, 17.267	Workforce Investment Act Cluster	\$ 2,269,336
84.007, 84.033, 84.063, 84.268, & 84.375	Student Financial Assistance Cluster	\$ 17,210,068

Dollar threshold used to distinguish between type A and type B programs	\$645,112
---	-----------

Auditee qualified as low-risk auditee?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
--	---	-----------------------------

II. FINANCIAL STATEMENT FINDINGS

There were no financial statement findings required to be reported in accordance with generally accepted government auditing standards.

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Finding 2010-1: Disbursement of Financial Aid to an Individual in Default on Federal Student Loans Federal Program: Student Financial Assistance Cluster

Criteria or specific requirement:

Students currently in default on a federal student loan are not eligible to receive aid under the Student Financial Assistance Cluster.

Condition:

The District disbursed Pell funds to a student who was in default on federal student loans.

Questioned Costs:

\$984

Context:

The National School Loan Data System (NSLDS) Financial Aid History page on the student's Institutional Student Information Record (ISIR) was viewed in the student's financial aid file.

Effect:

In this one instance, the District did not comply with the compliance requirement prohibiting awarding federal student financial aid to students who are in default on federal student loans.

Cause:

Due to an error made by the District's financial aid personnel, the District did not identify that this student was ineligible to receive Pell funds.

Recommendation:

The District should make appropriate revisions to its policies and procedures to ensure additional instances of noncompliance do not occur.

Schedule of Findings and Questioned Costs (continued)
Year Ended June 30, 2010

Finding 2010-2: Reconciliation of Direct Loans
Federal Program: Student Financial Assistance Cluster

Criteria or specific requirement:

Colleges that participate in the Direct Loan program are required to perform a monthly reconciliation of funds that have been drawn from the G5 system for purposes of awarding Direct Loans to students, with the actual disbursement records having been transmitted to the Common Origination and Disbursement (COD) system and to its internal accounting and financial aid receipt and disbursement records.

Condition:

The District participates in the Direct Loan Program and did not consistently complete the reconciliation process each month. Additionally, documentation to support each reconciliation was not retained by the District.

Questioned Costs:

None

Context:

The District was unable to provide documentation to indicate that reconciliations were performed each month throughout the school year. However, the District was able to provide evidence that all amounts were appropriately reconciled at year end.

Effect:

The District did comply with the monthly reconciliation requirements related to its Direct Loan program.

Cause:

Due to recent turnover in program personnel, the District's procedures related to the Direct Loan reconciliation process were not sufficient to ensure reconciliations were performed monthly and documentation to support those reconciliations was retained.

Recommendation:

The District should improve its procedures to ensure that monthly Direct Loan reconciliations are performed and retained.

Joliet Junior College – Community College District No. 525

**Corrective Action Plan
Year Ended June 30, 2010**

The following is management's corrective action plan for each finding:

Finding 2010-1: Disbursement of Financial Aid to an Individual in Default on Federal Student Loans

Condition:

The District disbursed Pell funds to a student who was in default on their student loans.

Plan: In order to address this situation the Financial Aid/Veterans Office will take the following action:

1. We have strengthened the Communication Management rules in Colleague to recognize students that have been reported on the ISIR as being in default on a student loan. Once a student is flag, the student will be notified to submit documentation showing that the default has been cleared. Unless this requirement is satisfied the student will not be able to be awarded.
2. We are in the process of assigning packaging rules that will also identify students that are in default according to the ISIR as an additional safe guard to prevent awarding.

Anticipated Date of Completion: Step one has been completed as of March 2010. Step two will be complete in October 2010

Contact Person: David Seward, Director of Financial Aid/Veterans

Finding 2010-2: Reconciliation of Direct Loans

Condition:

The District participates in the Direct Loan Program and did not consistently complete the reconciliation process each month. Additionally, documentation to support each reconciliation that was prepared was not retained by the District.

Plan: In order to address this situation the Financial Aid/Veterans Office will take the following action:

1. The Financial Aid/Veterans Office will run the following monthly Direct Loan reconciliation reports from the college's software system: DSRR—this compares the imported School Account Statement (SAS) from COD to Colleague data on AIDE-AR-COD, CDMR—insures that we have received all our responses from COD, DCRR—allows us to pinpoint rejected records and correct them, and DLVR—allows us to see records that are out of sync with COD. These reports will be retained in order that we may show that the monthly reconciliation is taking place.
2. The Financial Aid Advisor responsible for reconciliation of loans will provide copies of all reports generated each month for loan reconciliation to the Financial Aid Director.
3. The Financial Aid/Veterans Office will provide an update to Financial Services that the reconciliation process has been completed each month.

Anticipated Date of Completion: Step one has been in place since March 2010, Step two and three will begin September 2010.

Contact Person: David Seward, Director of Financial Aid/Veterans
