## **TAXES:**

JJC is exempt from all federal excise, state and local taxes unless otherwise stated in this document. In the event taxes are imposed on the services purchased, JJC will not be responsible for payment of the taxes. The supplier shall absorb the taxes entirely. Upon request, JJC's Tax Exemption Certificate will be furnished.

## **INDEMNIFICATION:**

The supplier shall protect, indemnify and hold JJC harmless against any liability claims and costs of whatsoever kind and nature for injury to or death of any person or persons and for loss or damage to any property occurring in connection with or in any incident to or arising out of occupancy, use, service, operations or performance of work in connection with the contract, resulting in whole or in part from the negligent acts or omissions of the supplier.

## **DISCLOSURE:**

Vendor shall note any and all relationships that might be a conflict of interest and include such information with the bid.

## **TERM OF CONTRACT:**

Any contract, which results from this RFP, shall be for a period of one year from the date of the contract award. Assuming continued availability of funding; JJC may, at its sole option and with the consent of the supplier renew the contract for up to an additional four (4) one-year terms.

## **BLACKOUT PERIOD:**

After the College has advertised for proposals, no pre-proposal vendor shall contact any College officer(s) or employee(s) involved in the solicitation process, except for interpretation of specifications, clarification of bid submission requirements or any information pertaining to pre-bid conferences. Such vendors making such request shall email Judy Mitchell, Director of Business & Auxiliary Services, [jmitchel@jjc.edu](mailto:jmitchel@jjc.edu). No vendor shall visit or contact any College officers or an employee until after the proposal is awarded, except in those instances when site inspection is a prerequisite for the submission of a proposal. During the black-out period, any such visitation, solicitation or sales call by any representative of a prospective vendor in violation of this provision may cause the disqualification of such bidder's response.

#### IV. GENERAL TERMS AND CONDITIONS

**Applicability:** These general terms and conditions will be observed in preparing the proposal to be submitted.

**Purchase:** After execution of the contract, purchases will be put into effect by means of purchase orders or suitable contract documents executed by the Director of Business and Auxiliary Services.

**Right to Cancel:** JJC may cancel contracts resulting from this RFP at any time for a breach of any contractual obligation by providing the contractor with thirty-calendar days written notice of such cancellation. Should JJC exercise its right to cancel, such cancellation shall become effective on the date as specified in the notice to cancel.

**Governing Law and Venue:** This contract shall be construed in and governed under and by the laws of the State of Illinois. Any actions or remedies pursued by either party shall be pursued in the State and Federal Courts of Will County, Illinois, only after Alternate Dispute resolution (ADR) has been exhausted.

**Negotiation:** JJC reserves the right to negotiate all elements, which comprise the vendor's proposal to ensure the best possible consideration, be afforded to all concerned. JJC further reserves the right to waive any and all minor irregularities in the proposal, waive any defect, and/or reject any and all proposals, and to seek new proposals when such an action would be deemed in the best interest of JJC.

**Award:** The successful vendor, as determined by JJC, shall be required to execute a contract for the furnishing of all services and other deliverables required for successful completion of the

proposed project. The supplier may not assign, sell, or otherwise transfer its interest in the contract award or any part thereof without written permission from JJC.

**Retention of Documentation:** All proposal materials and supporting documentation that is submitted in response to this proposal becomes the permanent property of JJC.

**Opening of Proposals:** Proposals will be opened in a manner that avoids disclosure of the contents to competing vendors. Contents for proposals will remain confidential during the negotiations period. Only the proposal number and the identity of the vendor submitting the proposal response will be made available to the public.

## V. **FORMAT FOR RESPONSE**

To achieve a uniform review process and obtain the maximum degree of comparability, it is required that the proposal be organized in the format specified.

An original and four (4) copies of the proposal will be required. Each shall be submitted in a binder. The original copy should be so noted and signed

### 1. **Title Page**

Show the RFP subject, the name of the vendor's firm, address, telephone number, name of contact person, and date.

### 2. **Table of Contents**

Clearly identify the materials by sections and page number(s).

Please list any alternative suggestions for improvement in costs and/or services provided as an alternative.

## 10. Bidder's Certification Statement

## VI. EVALUATION

In evaluating the proposals submitted, JJC will apply the "Best Value" standard in selecting the supplier to be awarded a contract for this project. Purchase price is not the only criteria that will be used in the evaluation process. Any award resulting from this RFP will be made to that vendor whose offer conforms to the RFP and it is determined to be the most advantageous, of "best value" to JJC, in the sole judgment of JJC. The selection process will include, but not be limited to, the following considerations:

1. The provider's ability to assist JJC in meeting the overall goals and to reduce JJC administrative costs associated with the procurement process.
2. The quality and range of services the firm proposes to provide.
3. The extent to which the goods or services meet JJC needs.
4. The firm's overall experience, reputation, expertise, stability and financial responsibility.
5. The vendor's past relationship with JJC, if any.

6. The experience and qualifications of the staff that will be assigned to service JJC's account.
7. The ability to provide service in an expedient and efficient manner.
8. Facilities (computerized information systems, access to industry facilities, quality and range of management reports, etc.) that will be used in auditing JJC's expenditures.
9. Vendor's financial terms offered to JJC.
10. The training options available.
11. The total, long-term cost to JJC to acquire the vendor's goods and services.
12. Any other relevant factor that a private business entity would consider in selecting a supplier.

## **SCOPE OF WORK**

JJC is evaluating the opportunity to improve upon its Managed Print Service. JJC has developed this RFP for the purpose of selecting the best Service Provider(s) to provide enterprise-wide document output technology and related services specifically for JJC. This document is intended to provide sufficient background information on JJC its RFP procedures and requirements to facilitate a competitive process and result in creative and market leading proposals.

The overall goal of this RFP is to allow JJC to make an informed decision as to the capabilities of the selected Service Provider(s) to manage and provide day-to-day operations of the Managed Print Services, under the overall supervision of JJC management. By implementing this new Managed print services strategy, JJC recognizes the financial and operational advantages to bringing together the management of all creation/print/copy/scan/fax processes, under one operational management process. Further, JJC will partner with a Service Provider that can design, plan and implement a solution that will provide operational improvements and cost reductions throughout the life of the contract.

JJC is looking to form a multi-year relationship with Service Provider(s) to provide a Managed Print Service solution for printing/copying/scanning and faxing. The Managed print service will yield the following benefits:

- Reduce total cost of ownership
- Increase ROI
- Improve communications enterprise-wide
- Improve asset utilization
- Improve attainment of service level objectives and increase end-user productivity
- Build scalability and responsiveness to a JJC service delivery model, without expensive over-provisioning
- Reduce outside spend and marshal resources to reengineer applications as

appropriate

- Reduce risk, or at least share risk, with the appropriate Service Provider.
- Utilize Quality Assurance processes, i.e. Six Sigma or similar metrics

JJC seeks a solution that maximizes JJC technical, functional and service needs while providing best-in-class cost of ownership. JJC initial research indicates that opportunities exist in the following areas:

- Centralizing procurement and eliminating decentralized structure and local solutions
  - Leveraging secure technology capabilities
  - Reducing device quantities, makes and models
- Maximizing value by providing flexible business and financial models that adapt to a changing environment

This RFP will succeed in allowing JJC to realize the following:

- A competitive cost per copy figure that includes service and supplies (all supplies including staples).
- A study of the current machine placements and determine the optimum machine placement based on workload and users in an area.
- MFD's that are placed on campus to be right sized to the volume being produced by the area or work group using the machine.
- 100% of all MFD's to be networked and have the ability to print, copy, scan and fax.
- A competitive rate for service that falls outside normal business hours.
- Improved performance out of the large volume copiers in the print shop.
- Explore the placement of additional color copiers at strategic locations on campus.
- All MFD's placed after the initial contract to be priced according to the original contract.
- Require all copiers to be new.
- Energy Star rated technology that is environmentally friendly including supplies that are nontoxic and low waste.
- Service call (incident) activity dispatch and management (proactive & reactive).
- Full service maintenance including parts and labor with service level agreements.
- Problem resolution and issue escalation.
- Asset database maintenance; meter reads and move/add change.
- Device utilization usage and activity analysis reporting
- Supply monitoring, ordering and tracking.

## **OBJECTIVE**

The objective of this RFP is to create a contractual relationship with a vendor that will design, furnish, install and configure various digital multi-functional devices and network printers. This design may include a combination of purchased and leased devices. All leased units will include supplies and maintenance for the duration of the agreement term. For the purpose of this RFP, these devices that are defined as digital multi-functional devices or “MFD’s” will have the following features: the ability to copy, print, fax, scan and the integration of these features.

Any equipment placed as a result of this RFP will only be done after a thorough needs assessment in the area the device is slated to go. This needs assessment will be provided by the selected vendor and will include all existing leased or purchased devices with particular focus on expiring MFD agreements and aging units. All recommendations by the selected vendor for placement must be approved in advance by the College. It is in the best interest of the College and the vendor to assure that all equipment is appropriate and provides the “right solution” to the printing needs of our users; however, the College reserves the right to request the vendor to install equipment to meet occasional “special needs.”

### ***Through this RFP process the College seeks to:***

- Improve employee device ratio from 1.9:1 to 5:1 to (@1200 employees).
- Reduce total device count from approximately from 616 to 225 (main campus).
- At least 30% of total device count should be MFD’s.
- Migration will be from non-networked to networked MFD & printer environment.
- Improve copier utilization.
- Channel print volume from expensive desktop printers to more cost efficient MFD’s.
- Provide timely and relevant reports to analyze volume history and future requirements.
- Centralized control with consolidated technology footprint delivering improved productivity/capabilities.
- Single point of contact throughout engagement-implementation, to transformation, to steady-state.
- Implementation and enforcement of print & acquisition policies.
- Proactive technical support and consumables management:
  - Proactive device management and Helpdesk integration into existing infrastructure.
  - Proactive supplies management; JIT inventory management; economies of scale.
  - Single break-fix supplier and proactive support.
- Improve and consolidate billing.

- Develop a (or improve the existing Print Service) web job ticketing solution to facilitate easy end-user job-submission process to print center.
- Obtain a static cost per copy cost for the Print Service that would allow them greater ability to secure additional sources of revenue.
- Improve Print Services offline finishing options by adding padding press, tape binder, folder or any other equipment deemed necessary.
- Review need and recommend if needed a light production printer (3<sup>rd</sup> unit) for Print Services.
- Create a campus wide student printing solution that increases student satisfaction and promotes responsible print activity.
- System will be able to integrate with a campus one-card solution.
- Evaluate our current Equitrac system and compare competitive solutions/alternatives based on technology leadership, operational efficiency and costs.
- Develop a change management strategy, including a marketing plan that creates a campaign which promotes sustainability and the need for change. This plan should have vision, build excitement and include but not limited to providing various types of communication support, transition “go-live” support, end user training and methodology to measure change success.
- Improve campus sustainability and reduce our carbon footprint with environmentally sustainable results.
  - 45% reduction in energy usage- 36% reduction in solid waste- 46% reduction in greenhouse gases.
- Provide realistic obtainable goals, a road map to achieve the target state with detailed specifications including hardware/software needs.
- Construct an implementation schedule which reflects a strong sensitivity to JJC activities and requirements.
- Sign a contract that allows for adjustments (increases and decreases) to the quantity of copiers without penalty.

## A. Current equipment description

The College is currently leasing or owns approximately 43 networked Xerox, Savin or Canon MFD's with maintenance agreements. This includes 3 production units in Print Services, 29 units with Equitrac all with various application demands depending on the location and intended use. The College also has a number of networked printers. A complete inventory of the current copiers and printers can be found in Appendix A and a detailed summary of the MFD's is available in Appendix B.

## B. New equipment description

Multi-function equipment should conform to one of the following model standards: floor standing B/W (35ppm or 75ppm), small-footprint desktop (35ppm) and floor standing color (20ppm). All units need to be networked with duplex capability and scan/copy/fax functionality. Floor standing models should have 11 x 17 capacity and small-footprint 8.5 x 11 x 14. All changes or exceptions to these recommended standards must be approved by Joliet Junior College.

Single-function equipment should conform to one of the following model standards: small-footprint desktop (40ppm or 45ppm) and: small-footprint desktop color (40ppm). All units need to be networked, duplex capability, scan/copy/fax functionality and 8.5 x 11 x 14 capacity. All changes or exceptions to these recommended standards must be approved by Joliet Junior College.

## **OPTIONAL RESPONSE**

Vendors are invited to submit a proposal for management and operational oversight of our existing print services department.

## **QUANTITY**

There is no guaranteed amount of services intended either expressly or implied, to be purchased or, contracted for by JJC. However the supplier awarded the contract shall furnish all required services to JJC at the stated price, when and if required.

## **PROPOSED PRICING**

The vendor should furnish a list of proposed prices for all services and materials to be used during the term of the contract. The list of proposed prices should be structured to allow for the calculation of unit cost analyses. The prices included herein are to be firm through the contract term, unless noted otherwise by the vendor. The cost proposal should contain:
