## Strategic Plan

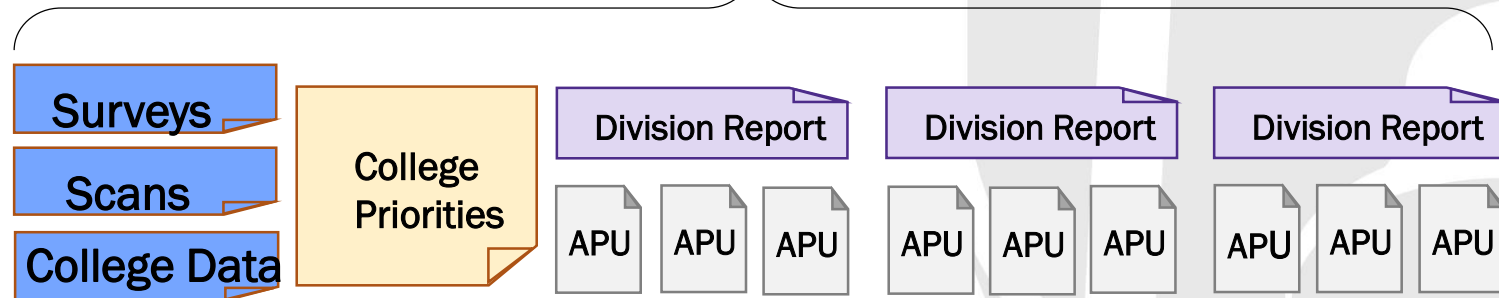

Financial  
Plan

Master  
Plan

## Institutional Effectiveness Report

# Guiding principles

1. Improve services to students
2. User-centric
3. Minimize customizations
4. Modern enterprise and application architecture
5. Information security
6. Total cost and return on investment (ROI)
7. Enhanced reporting and automation

# High-level scope

Joliet Junior College has defined the scope of our ERP modernization efforts as:

1. Replacement of the college's current ERP system with a modernized cloud-based service delivery solution that comprises core HR, Finance, and Student system capabilities.
2. Implementation, project, and change management professional services that support the proposed solution and are appropriate for an organization of our size.
3. Appropriate functional and technical training (and associated documentation) of designated college staff and stakeholders.
4. Identification of third-party applications that can be eliminated as a result of being collapsed into core ERP platform functionality.
5. Industry standard and modern integration platform for supporting required third-party interfaces, both existing and future.
6. Executive, operational, and built-in analytics and reporting capability.
7. A detailed understanding of the vendor's ERP product roadmap.
