3.02.05 **OUT-OF-DISTRICT STUDENTS**

Out-of-district students will be admitted to the college; however, district residents will receive first choice of some programs. Residents of other junior/community college districts who intend to enroll at Joliet Junior College should notify their local junior/community college district and secure authorization prior to the time of enrollment. Their enrollment, as cooperative agreement, joint agreement, or chargeback students, will be contingent upon their own junior/community college district's authorization.
