<p><b>CATEGORY</b>          3.07.00 Student Participation in College Activities</p>	<p><b>DATE</b>          Adopted: 1973          Edited: 1982          Revised: 11/1993, 12/2001, 11/2018</p>

3.07.00      STUDENT PARTICIPATION IN COLLEGE ACTIVITIES

Recognizing the significant contributions that can be made to the College community by student organizations and activities, and further recognizing the need to encourage responsible student leadership at Joliet Junior College, the Board of Trustees empowers the administration of the College to establish and approve College organizations and activities, including the constitutions and regulations governing such groups.

In order to foster responsible student leadership growth and development, the administration of the College will offer students the right to participate in institutional planning and deliberations to the extent that participation is appropriate and within the guidelines established in institutional policies and procedures. The recognition of a student government organization should carry with it the willingness to consult with the student government organization at times when student input is desired.
