Cynthia Vasquez Barrios	TIX Deputy	April 6-7, 2020	10	Level Two investigator training is an intermediate level of training that builds on your skill set with more nuanced questioning techniques, a strong focus on questioning, record keeping and note-taking, managing complex investigations, and a topical exploration that broadens beyond the sexual misconduct focus of Level One. This training builds strong skills with frequent exercises and case studies that allow for high levels of interaction, analysis and the application of various civil rights investigation techniques. Level Two training is an intermediate level of training for those who have some experience as investigators, or who have taken the ATIXA Level One training, previously. This training meets the required training mandates of Title IX and VAWA Section 304 for participants, whether you are a full-time investigator or have investigation responsibilities on top of other duties. In this training, you'll build on your skill set with more nuanced questioning techniques, a strong focus on record keeping and notetaking, managing complex investigations, and a topical exploration that broadens beyond the sexual misconduct focus of Level One, as the skills of investigating sexual harassment, stalking, and intimate partner (domestic and dating violence) violence are learned. Trauma-informed interviews and addressing pattern/predatory behavior are special topics of focus for this training. There will be a legal update on any new mandates that are timely, but this training is not as law-focused
