

## **Joliet Junior College Police Power Testing Release and Indemnity Agreement**

The Joliet Junior College Power Testing program has been designed and established to provide those seeking employment with public service agencies, specifically law enforcement agencies, an opportunity to pre-certify for the Illinois State Police Officer Wellness Evaluation Report (P.O.W.E.R.). The Joliet Junior College does not replace the state's POWER Test or any other physical agility test that may be administered by a potential employer, but assists in determining an individual's physical agility to adequately perform upon admission of employment requirements.

Participation in the Joliet Junior College testing will require the use of facilities and equipment owned by Community College District 525, commonly known as Joliet Junior College. Given the nature of the Joliet Junior College Power test program, participation includes certain inherent risks of injury. By choosing to participate in this program, I accept these inherent risks and agree to the terms and conditions set forth below.
