The purpose of this addendum is to clarify questions, which were emailed to purchasing.

1- Question:

The project at the Renaissance Center has the heading of Exterior Wall Tuck pointing & Painting. Is there any tuckpointing for this Project? If so what are the quantities and locations?

Answer:

There is no brick or CMU tuckpointing on this project. There is only Stucco repair to the wall as shown on our bid drawing. This includes any damaged areas and any cracks which need to be repaired that are not called out on the drawings.

We do not know what the quantities are to make the needed Stucco repairs. We have an open campus policy and you may visit the campus at any time in order to review the damaged Stucco.
