About GSU Program:

Administrators and managers in the world of business rely on a foundational industry knowledge to lead. Governors State's Bachelor of Arts in Business Administration prepares you to enter the rapidly evolving field of business at both the local and global levels. While all Business Administration students are equipped with skills in accounting, business law, technology, and finance, you will also become specialized in your choice of one of seven concentrations: Entrepreneurship, Finance, Human Resource Management, Management, Management Information Systems, Marketing, or Operations and Supply Chain Management. The versatility of a business degree is one of its greatest assets—students are employed in a wide range of positions and typically experience great salary growth from entry- to mid-career. Demand for business professionals is also growing, according to data by the Bureau of Labor Statistics, which anticipates a 10% employment growth in business and financial occupations.

About JJC's Program:

Whether your goals are to earn a bachelor's degree, enter a business career immediately or enhance your current occupation, JJC's Business Department is the right choice. Our faculty members bring real-world experience to the classroom, preparing students with the knowledge and skills they need to succeed in an ever-changing business environment. According to the Bureau of Labor Statistics, "Employment of business and financial operations occupations is projected to grow 10 percent from 2016 to 2026, faster than the average for all occupations..." Our program offers degrees and certificates in many areas of business such as accounting, business administration, marketing, management, human resources and hospitality. When you begin your business education JJC, you will have access to many exciting career opportunities in a variety of business and non-business fields.
