Tutoring@jjc.edu

LOOKING FOR A CHANCE TO IMPROVE YOUR PLACEMENT SCORES?

In this FREE program, you'll receive information about JJC resources, test-taking tips and tricks, as well as individualized tutoring on the ALEKS Math and the Accuplacer Reading and WritePlacer placement tests.

"Before anything else,
preparation is the KEY to
success."

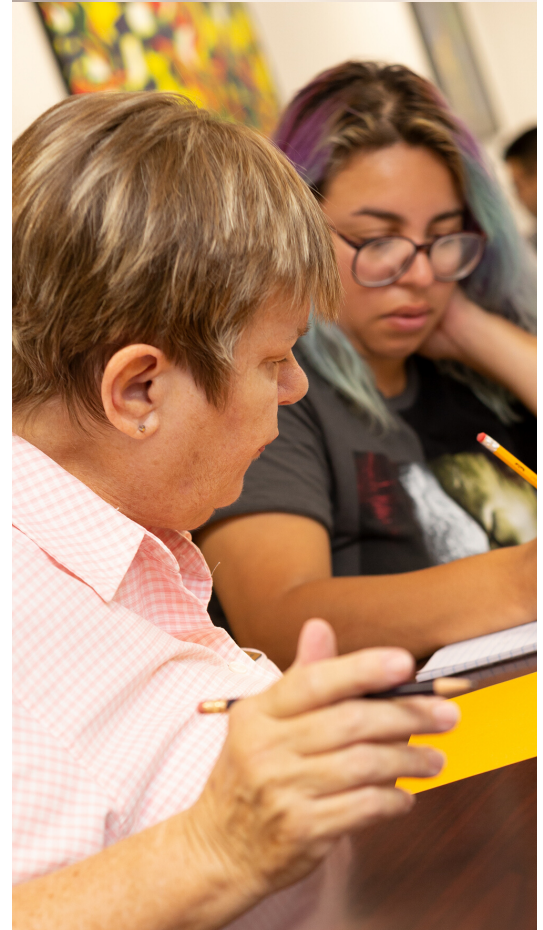

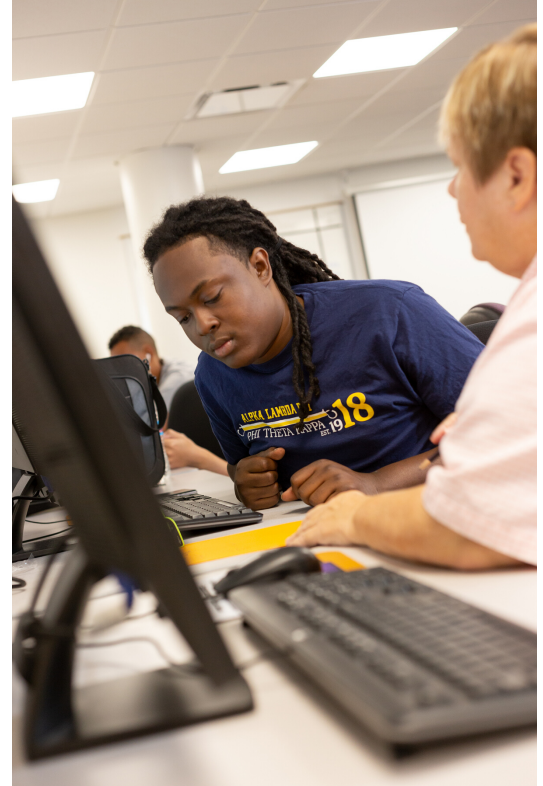

- Alexander Graham Bell

COME AND JOIN US TODAY!

To participate in the program, you must first schedule an appointment with the TLC. During your appointment, a TLC tutor will:

- provide you with supplies and study resources to guide your preparation
- help you identify your academic and personal areas of opportunity through guided remediation
- provide you with general test-taking tips and tricks that may significantly improve your performance
- either recommend that you come back for additional help (maybe you're really close to getting a concept but you're out of time) or if both of you are confident, they'll recommend that you test again

Once you've completed both tutoring and re-taking the test, you'll be entered into a drawing for one of several prizes.
