**Note: Courses are subject to change. Official transcript evaluation needed to determine specific classes needed for degree.**

This transfer guide is a sample curriculum. Additional courses may be required based on placement test scores. Please work with your faculty advisor or success coach prior to course registration.

#### Notes:

- Laboratory component needed for at least 1 science course.
- For the Social Sciences requirement, students must take courses in at least 2 separate disciplines.
- Both General Education and University Electives must be non-developmental.

#### About Franklin's Program:

Earn your accounting degree online or on-campus. Whoever said accounting is "boring" doesn't know the field -- or the critical importance of fiscal accountability in business. Today, accounting is one of the most exciting and dynamic career fields, thanks to global opportunities, ever-changing regulatory requirements, and complex business acquisitions. Both private industry and the government need well-prepared accounting professionals. Let Franklin University's transfer-friendly Accounting bachelor's degree program help you become someone who speaks the language of business.

#### About JJC's Program:

Accountants primarily do work that involves preparing and reviewing financial records. They ensure that financial records are accurate and that taxes are paid properly and on time. Accountants and auditors assess financial operations and work to help ensure that organizations run efficiently.

The Accounting program prepares students to enter introductory level accounting careers. Education is provided in financial and managerial accounting through the intermediate levels. Tax accounting is also included, and Business and general education is included as well.
