2+2

This transfer guide is a sample curriculum. Additional courses may be required based on placement test scores. Please consult your faculty advisor for guidance on electives and prior to course registration.

Notes:

- *This course is recommended for transfer credit.
- Certifications were not factored in for transfer, but can be transferred if applicable, passed and documented.
- All certifications and courses must have been completed within the past five years to be considered for transfer.
- This evaluation is based upon current transfer policies and is not guaranteed in perpetuity. Please contact your Enrollment Counselor if your start date is more than 30 days from the date of this evaluation to determine if any updates to transfer policies have occurred that will change the results of your evaluation.
- Competency units are based on semester units for transfer.

About WGU's Program:

At WGU, we design our curriculum to be timely, relevant, and practical—all to ensure your degree is proof you really know your stuff.

Every course in our programs focuses on a set of clearly defined competencies that you must prove you've learned—through tests, papers, projects, or other assessments. Demonstrating mastery is how you pass a course, so learning what it takes to be outstanding in your career is at the heart of WGU's Bachelor of Science Business Administration – Accounting curriculum.

That means what you learn is often directly applicable the next day at work—and it means what you're doing at work frequently informs the work you're doing in your courses. It's all about real-world applicability so every moment spent studying is time well spent.

The Bachelor of Science Business Administration – Accounting program is an all online accounting degree program that you will complete by studying and working independently with instruction and support from WGU faculty. You will be expected to complete at least 12 competency units (WGU's equivalent of the credit hour) each 6-month term. (Each course is typically 3 or 4 units).

About JJC's Program:

Whether you've always known what you wanted to study in college or you're undecided, JJC offers more than 180 degree and certificate programs to choose from. It doesn't matter if you're planning to transfer or complete your degree here - JJC can help guide you as you journey toward your future career.

If you are unsure of which associate degree is right for you, check with the Student Advising Center or contact the university you intend to transfer to for their requirements and guidelines.
